Subject: Post Trade Allocations

The purpose of this Market Information Circular (MIC) is to announce a change in the clearing access window for post trade allocations at ISE and ISE Gemini.

Starting Friday, August 1, 2014, the post-trade window used by members to make clearing changes will close at 5:15 p.m. (ET). This change reflects a close 15 minutes earlier than the current 5:30 p.m. (ET) time in support of an industry initiative to reduce processing times.
