

MARKET INFORMATION CIRCULAR

Circular number:	2015-27	Contact:	Dan Amar –Head of Market Operations
Date:	October 23, 2015	Telephone:	877-473-9989

Subject: RSS Feed

The purpose of this Market Information Circular (MIC) is to announce a new offering to ISE members for the communication of opening width exemptions. Starting Monday, October 26, 2015, ISE will offer the ability to receive these notifications via an RSS Feed.

Currently, ISE sends approved opening width exemptions out to members that subscribe via ISEAlerts, our Instant Messaging Communicator. Width exemptions, along with other notifications sent throughout the day that apply to ISE, ISE Gemini or both, will continue to be sent out through the ISEAlert application. ISE will compliment this offering by also communicating width exemptions pre-market via an RSS Feed.

Additionally, ISE will make available on a separate feed the relief granted on bid / ask differentials for specific products when that relief is granted for an extended period of time.

The RSS Feeds are available on ISE's website under Member Feeds in the Quick Links box, located in the lower right corner of the page.

If you have any questions, please contact Market Operations at helpdesk@ise.com or by calling 877-473-9989.
