Subject: Rule Change Notice – Changes to FINRA Arbitration Rules

Pursuant to ISE Rule 1800, which in part states that FINRA's Code of Arbitration shall govern ISE arbitrations, this Regulatory Information Circular informs Members of proposed rule changes to the FINRA Code of Arbitration published by the Securities and Exchange Commission, attached.

In the March 25, 2008 *Federal Register*, the Commission published notice of filing of a proposed rule change (SR-FINRA-2008-05) by FINRA to amend the Code of Arbitration Procedure for Customer Disputes and the Code of Arbitration Procedure for Industry Disputes to permit submissions to arbitrators after a case has closed under limited circumstances.

(Securities Exchange Act Release No. 34-57525 (March 18, 2008))

the date of filing.⁹ However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protections of investors and the public interest.¹⁰ The Exchange has requested that the Commission waive the 30-day operative date, so that the Exchange's rules may be updated as soon as possible to reflect the clean-up changes proposed in this filing. The Commission believes that the proposed rule change does not raise any new regulatory issues. For this reason, the Commission designates the proposal to be operative upon filing with the Commission.¹¹

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

FINRA is proposing to amend its Customer Code and Industry Code to adopt new rules to permit submissions to arbitrators after a case has closed only under limited circumstances. The proposed rule change would reduce attorneys' fees and other costs associated with responding to such submissions and would support the finality of arbitration awards issued in the forum.

FINRA staff receives several requests each year from parties to submit documents to arbitrators (the panel) in cases that have been closed for long periods of time. Parties file these requests for a number of reasons, such as to obtain expungement relief that a party failed to request during the life of the case, to correct what a party perceives to be a mistake in the award, or to request that forum fee allocations be changed.

Currently, the Customer and Industry Codes do not contain deadlines for such submissions and, indeed, do not address the matter. Therefore, staff forwards to panels the requests, along with any responses from other parties, regardless of the time that has elapsed since the case was closed. The panels rarely determine to reopen a matter.

A case is deemed closed on the date FINRA serves an award or sends to the parties a letter notifying them that a case is closed (for example, by settlement). The absence of deadlines in the Customer and Industry Codes for submissions in closed cases can cause numerous problems. For example, parties might submit documents to the panel years after cases have closed. Also, arbitrators might have resigned from the roster or died by the time such submissions are made. Finally, parties might incur substantial attorneys' fees and other costs in responding to closed-case submissions.

Potential legal issues are also present. Some states empower arbitrators to correct technical or mathematical errors in their awards, but only for a short period of time following the award's issuance, and courts may remand a matter to the original arbitrators when they vacate awards in whole or in part.³ Beyond these examples, however, the law generally provides that the arbitrators' authority ends when the arbitrators render their decisions.

To address the problems associated with submissions in closed cases, FINRA is proposing to permit submissions to arbitrators after a case has closed only under the following limited circumstances:

- As ordered by a court;
- At the request of any party within 30 days of service of an award or notice that a matter has been closed, for ministerial matters such as miscalculation of figures, mistake in the description of any person, thing or property referred to in the award, or if the award is imperfect in a matter of form that does not affect the decision on the merits; or
- If all parties agree and submit documents within 30 days of (1) service of an award or (2) notice that a matter has been closed.

The 30-day limit is in line with time limits allowed under many state laws⁴ and would ensure that a majority of the arbitrators that served on the panel will be available to review the submissions.

³ See N.Y. CPLR 7509, 7511 (McKinney 2008).

⁴ *Id.*; see also, CAL. CODE CIV. PROC. 1284 (2007); FLA. STAT. 682.10 (2007); TEX. CIV. PRAC. & REM. 171.054 (2007); VA. CODE ANN. 8.01-581.08 (2007).

Under the second alternative, request by only one party, FINRA would follow its normal procedure of soliciting a response from the other parties before forwarding the request to the panel.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁵ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. The proposed rule change would reduce the costs associated with responding to submissions in closed cases and support the finality of arbitration awards issued in the forum.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

FINRA³ proposes to amend the chairperson eligibility requirements under Rule 12400(c) of the Customer Code and Rule 13400(c) of the Industry Code.

On January 24, 2007, the SEC approved the NASD Codes of Arbitration Procedure for Customer and Industry Disputes (collectively referred to as "Codes").⁴ The Codes reorganized the dispute resolution rules into separate procedural codes, simplified the language of the old NASD Code of Arbitration Procedure, codified current practices, and implemented several substantive changes. One such substantive change involved improving the arbitrator selection process by creating and maintaining a new roster of arbitrators who are qualified to serve as chairpersons.

Under the Codes, arbitrators are eligible for the chairperson roster if they have completed chairperson training

³ Although some of the events referenced in this rule filing occurred prior to the formation of FINRA, the rule filing refers to FINRA throughout for simplicity.

⁴ See Securities Exchange Act Release No. 55158 (January 24, 2007); 72 FR 4574 (January 31, 2007) (File Nos. SR-NASD-2003-158 and SR-NASD-2004-011). The new Codes became effective on April 16, 2007.
