Jurij Trypupenko,
The self-regulatory organization must provide all required information, presented in a clear and comprehensible manner, to enable the public to provide meaningful comment on the proposal and for the Commission to determine whether the proposal is consistent with the Act and applicable rules and regulations under the Act.

### Exhibit 1 - Notice of Proposed Rule Change

The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3).

### Exhibit 2 - Notices, Written Comments, Transcripts, Other Communications

Copies of notices, written comments, transcripts, other communications. If such documents cannot be filed electronically in accordance with Instruction F, they shall be filed in accordance with Instruction G.

### Exhibit 3 - Form, Report, or Questionnaire

Copies of any form, report, or questionnaire that the self-regulatory organization proposes to use to help implement or operate the proposed rule change, or that is referred to by the proposed rule change.

### Exhibit 4 - Marked Copies

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

### Exhibit 5 - Proposed Rule Text

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

### Partial Amendment

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e., partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.
1. **Text of the Proposed Rule Change**

The Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")\(^1\) and Rule 19b-4 thereunder,\(^2\) proposes changes to Phlx Rule 1101A (Terms of Option Contracts) that indicate that the Exchange may set strike price intervals of $5 or greater for options on indexes, and may determine to set strike prices at $2.50 or greater including in response to customer interest or specialist request. The proposal would also delete language that is no longer necessary.

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1. The text of new Phlx Rule 1101A is set forth below.

[Deletions bracketed; Additions underlined]

**Rule 1101A. Terms of Option Contracts**

(a) The Exchange shall determine fixed point intervals of exercise prices for index options. Generally, the exercise (strike) price intervals [shall] will be [$2.50 for the three consecutive near-term months,] no less than $5; provided, that [for the fourth month and $10 for the fifth. However,] the Exchange may determine to list strike prices at no less than $2.50 intervals, and may do so in response to demonstrated customer interest or specialist request. For purposes of this paragraph, demonstrated customer interest includes institutional (firm) corporate or customer interest expressed directly to the Exchange or through the customer's floor brokerage unit, but not interest expressed by an ROT with respect to trading for the ROT's own account. [The Exchange may also determine to list strike prices at wider intervals.]

(b) through (c), Commentary - No change.

2. **Procedures of the Self-Regulatory Organization**

   The Executive Committee, pursuant to delegated authority, approved the proposal for filing with the Securities and Exchange Commission ("SEC" or "Commission") on June 3, 2005.

   Questions and comments on the proposed rule change may be directed to Jurij Trypupenko, Director and Counsel, New Products Group and Legal Department, Phlx, at (215) 496-5019 or Edith Hallahan, Senior Vice President and Deputy General Counsel, Phlx, at (215) 496-5179.

3. **Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

   a. **Purpose**

   The purpose of the proposed rule change is to provide the Exchange with the ability to set strike prices for options on indexes at $2.50 or greater, in keeping with Exchange needs, specialist and customer requests, and market conditions and practices.

   Rule 1101A currently indicates the Exchange generally shall determine set strike intervals for options on indexes, which are also known as index options of sector index options, as follows:

   - $2.50 for three consecutive near-term months,
   - $5.00 for the fourth month, and
   - $10.00 for the fifth month.

   The Exchange has found that the index strike pricing formulation, which generally requires set pricing intervals according to whether options are in the first three consecutive months, the fourth month, or the fifth month, does not afford the flexibility to
set strike prices at appropriate intervals commensurate with market conditions and index prices set by other exchanges, often for similar products. Moreover, Phlx specialists and customers have expressed on numerous occasions that the current index strike pricing approach is too restrictive and does not allow for efficient pricing of options, thereby putting them at a competitive disadvantage.

The Exchange therefore proposes to amend Rule 1101A to indicate that the Exchange shall determine fixed point strike price intervals for index options (also known as sector index options) as follows:

- no less than $5.00, provided that
- the Exchange may determine to list strike prices at no less than $2.50 intervals, and may do so in response to demonstrated customer interest or specialist request.

The Exchange believes that proposed Rule 1101A, as amended, would be analogous in function to index strike pricing rules of other option exchanges.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act in general, and furthers the objectives of Section 6(b)(5) of the Act in particular, in that it

4 Specialist request, for purposes of amended Rule 1101A, continues to include institutional (firm) corporate or customer interest expressed directly to the Exchange or through the customer's floor brokerage unit, but does not include interest expressed by an ROT with respect to trading for the ROT's own account.

The Exchange believes that the proposed rule should allow the Exchange to set strike prices at levels that would maximize trading opportunities.

The proposed rule change is not based on the rules of another self-regulatory organization or of the Commission. However the proposed rule is similar in function to various subsections of CBOE Rule 24.9, ISE Rule 2009(2), and AMEX Rule 903A.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to provide the Exchange with the ability to set strike prices for options on indexes at $2.50 or greater, in keeping with Exchange needs, specialist and customer requests, and market conditions and practices.

Rule 1101A currently indicates the Exchange generally shall determine set strike intervals for options on indexes, which are also known as index options of sector index
options, as follows:

- $2.50 for three consecutive near-term months,
- $5.00 for the fourth month, and
- $10.00 for the fifth month.

The Exchange has found that the index strike pricing formulation, which generally requires set pricing intervals according to whether options are in the first three consecutive months, the fourth month, or the fifth month, does not afford the flexibility to set strike prices at appropriate intervals commensurate with market conditions and index prices set by other exchanges, often for similar products. Moreover, Phlx specialists and customers have expressed on numerous occasions that the current index strike pricing approach is too restrictive and does not allow for efficient pricing of options, thereby putting them at a competitive disadvantage.

The Exchange therefore proposes to amend Rule 1101A to indicate that the Exchange shall determine fixed point strike price intervals for index options (also known as sector index options) as follows:

- no less than $5.00, provided that
- the Exchange may determine to list strike prices at no less than $2.50 intervals, and may do so in response to demonstrated customer interest or specialist request.

The Exchange believes that proposed Rule 1101A, as amended, would be analogous in function to index strike pricing rules of other option exchanges.\textsuperscript{6}

2. **Statutory Basis**

The Exchange believes that its proposal is consistent with Section 6(b) of the Act\textsuperscript{7} in general, and furthers the objectives of Section 6(b)(5) of the Act\textsuperscript{8} in particular, in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposed rule should allow the Exchange to set strike prices at levels that would maximize trading opportunities.

B. **Self-Regulatory Organization's Statement on Burden on Competition**

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange requests accelerated approval pursuant to Section 19(b)(2)\(^9\) of the Act such that in setting strike prices for options overlying developing and current index products on the exchange, the proposed amendments would ensure sufficient flexibility to promote a fair, orderly, and competitive options market.
