3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

Background

Previously, the Exchange adopted a cancellation fee of $1.10 per cancellation order to be assessed on member organizations for each cancelled AUTOM-delivered order in excess of the number of orders executed on the Exchange by that member organization in a given month. The cancellation fee was not to be assessed in a month in which fewer than 500 AUTOM-delivered orders were cancelled. Simple cancels and cancel-replacement orders were the types of orders that were to be counted when calculating the number of AUTOM-delivered orders. The objective of the fee was to discourage excessive use of cancellations.

Prior to implementing the cancellation fee, the Exchange analyzed data and then discussed with member organizations the potential effect of the fee. However, it later came to the attention of the Exchange that the data analyzed by the Exchange was incomplete. Therefore, member organizations, based on the Exchange’s analysis, did not

5 A cancel-replacement order is a contingency order consisting of two or more parts, which require the immediate cancellation of a previously received order prior to the replacement of a new order with new terms and conditions. If the previously placed order is already filled partially or in its entirety the replacement order is automatically canceled or reduced by such number. See Exchange Rule 1066(c)(7).

believe it was necessary to monitor the use of cancellation orders of any of their respective customers. In actuality, the assessment of the cancellation fee for some member organizations greatly exceeded the estimated amount that was communicated to them.

At this time, the Exchange has discussed with the affected member organizations the amount of the cancellation fees that would have been incurred based on January and February 2006 actual results. Therefore, the purpose of this proposal is to delay implementation of the cancellation fee until May 1, 2006 to allow member organizations the opportunity to either change behavior or to determine how to most effectively deal with these charges. The Exchange believes it is appropriate to delay implementation of the cancellation fee due to the incomplete data that had been previously communicated to the member organizations.\textsuperscript{7} In addition, the purpose of specifically excluding pre-market cancellations is to clarify that these cancellations are not included in the calculation of the cancellation fee because this is not the type of behavior that the Exchange is trying to discourage. No other changes are being proposed in connection with the delayed assessment of the cancellation fee.

b. Statutory Basis

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act\textsuperscript{8} in general, and furthers the objectives of Section 6(b)(4) of

\textsuperscript{7} No rebates need to be processed. Although January and February cancellation charges were billed on the February invoice, the Exchange separately discovered a billing issue and credited the amount billed to member organizations while the billing issue was reviewed.

the Act\(^9\) in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

4. **Self-Regulatory Organization's Statement on Burden on Competition**

   The Phlx does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

5. **Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

   No written comments were either solicited or received.

6. **Extension of Time Period for Commission Action**

   The Exchange does not consent to an extension of the time period for Commission action.

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

   The foregoing proposed rule change has been designated as a fee change pursuant to Section 19(b)(3)(A)(ii) of the Act\(^{10}\) and Rule 19b-4(f)(2)\(^{11}\) thereunder. Accordingly, the proposal will take effect upon filing with the Commission. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

8. **Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission**

   The proposed rule change is not based on the rules of another self-regulatory organization or of the Commission.

9. **Exhibits**
