**Form 19b-4 Information**
The self-regulatory organization must provide all required information, presented in a clear and comprehensible manner, to enable the public to provide meaningful comment on the proposal and for the Commission to determine whether the proposal is consistent with the Act and applicable rules and regulations under the Act.

**Exhibit 1 - Notice of Proposed Rule Change**
The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). **Exhibit 4 - Marked Copies**
The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

**Exhibit 5 - Proposed Rule Text**
The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

**Partial Amendment**
If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission’s permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.
1. **Text of the Proposed Rule Change**

The Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")\(^1\) and Rule 19b-4 thereunder,\(^2\) proposes to amend its dividend,\(^3\) merger,\(^4\) and short stock interest\(^5\) strategies to: (1) replace the current $1,750 fee cap on equity option transaction and comparison charges for both merger strategies executed on the same trading day in the same options class as well as for dividend strategies executed on the same trading day in the same options class, except for a security with a declared dividend or distribution of less than $0.25, with a $1,000 fee cap; and (2) adopt a $25,000 per member organization fee cap on equity option transaction and comparison charges incurred in one month for dividend, merger and short stock interest strategies combined.

The $1,000 and $25,000 caps will be implemented after any applicable rebates, as more fully described below, are applied to Registered Options Trader ("ROT") and

\(^3\) For purposes of this proposal, the Exchange defines a “dividend strategy” as transactions done to achieve a dividend arbitrage involving the purchase, sale and exercise of in-the-money options of the same class, executed prior to the date on which the underlying stock goes ex-dividend. See Securities Exchange Act Release No. 54174 (July 19, 2006), 71 FR 42156 (July 25, 2006) (SR-Phlx-2006-40).

\(^4\) For purposes of this proposal, the Exchange defines a “merger strategy” as transactions done to achieve a merger arbitrage involving the purchase, sale and exercise of options of the same class and expiration date, executed prior to the date on which shareholders of record are required to elect their respective form of consideration, i.e., cash or stock. See Id.

\(^5\) For purposes of this proposal, the Exchange defines a “short stock interest strategy” as transactions done to achieve a short stock interest arbitrage involving the purchase, sale and exercise of in-the-money options of the same class. See Id.
specialist equity option transaction and comparison charges occurring as part of a dividend, merger or short stock interest strategy.

In addition, the Exchange will continue to assess a $0.05 per contract side license fee for dividend and short stock interest strategies in connection with certain products that carry license fees, if applicable. The applicable license fee will be assessed on every transaction and will not be subject to the $1,000 or $25,000 fee caps described above, nor will it count towards reaching the $1,000 or $25,000 caps.

This proposal is scheduled to become effective for trades settling on or after September 1, 2006 and the $1,000 and $25,000 fee caps on equity option transaction and comparison charges as described above will be subject to the pilot program currently in effect until March 1, 2007.6

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1 and a copy of the applicable section of the Exchange’s Summary of Equity Option Charges is attached hereto as Exhibit 5.

2. Procedures of the Self-Regulatory Organization

The Executive Committee, pursuant to delegated authority, approved the proposal for filing with the Securities and Exchange Commission ("SEC" or "Commission") on August 30, 2006.

Questions and comments on the proposed rule change may be directed to Cynthia Hoekstra, Director, at (215) 496-5066 or Edith Hallahan, Deputy General Counsel, at (215) 496-5179.

6 The current fee caps on equity option transaction and comparison charges on dividend, merger and short stock interest strategies and the $0.05 per contract side license fee for dividend and short stock interest strategies are in effect as a pilot program that is currently scheduled to expire on March 1, 2007. See SR-Phlx-2006-50.
3. **Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

   a. **Purpose**

   Currently, the Exchange provides a rebate for certain contracts executed in connection with transactions occurring as part of a dividend, merger or short stock interest strategy. Specifically, for these option contracts executed pursuant to a dividend strategy, the Exchange rebates $0.08 per contract side for ROT executions and $0.07 per contract side for specialist executions transacted on the business day before the underlying stock’s ex-date. The ex-date is the date on or after which a security is traded without a previously declared dividend or distribution. The Exchange also provides for a rebate of $0.08 per contract side for ROT executions and $0.07 per contract side for specialist executions made pursuant to a merger or short stock interest strategy.

   At present, the net transaction charges and comparison charges for specialists and ROTs after the rebate is applied are capped at $1,000 for short stock interest strategies executed on the same trading day in the same options class and at $1,750 for merger strategies executed on the same trading day in the same options class.\(^7\) The net transaction and comparison charges are capped at $1,750 for dividend strategies executed on the same trading day in the same options class, except for a security with a declared dividend or distribution of less than $0.25. In that instance, the net transaction and comparison charges are capped at $1,000 for dividend strategies executed on the same

---

trading day in the same options class.\textsuperscript{8} Pursuant to this proposal, the net transaction charge and comparison charges, after the rebate is applied, will be capped at $1,000 for dividend, merger and short stock interest strategies as described above and further capped at $25,000 per month per member organization for dividend, merger and short stock interest strategies combined for that month.

In addition, the Exchange currently assesses a license fee of $0.05 per contract side for dividend and short stock interest strategies in connection with certain products that carry license fees.\textsuperscript{9} The Exchange will continue to assess the $0.05 per contract side license fee for dividend and short stock interest strategies in connection with certain products that carry license fees if applicable.\textsuperscript{10} The applicable license fee will be assessed on every transaction and will not be subject to the $1,000 or $25,000 fee caps, nor will it count towards reaching the $1,000 or $25,000 caps, consistent with the Exchange’s current practice.

The $1,000 and $25,000 fee caps on equity option transaction and comparison charges, as described above, will be subject to the pilot program currently in effect until March 1, 2007.\textsuperscript{11}

\textsuperscript{9} For a complete list of these product symbols, see the Exchange’s $60,000 Firm-Related Equity Option and Index Option Cap Fee Schedule.

\textsuperscript{10} For a complete list of these product symbols, see the Exchange’s $60,000 Firm-Related Equity Option and Index Option Cap Fee Schedule.

\textsuperscript{11} See footnote 6.
The purpose of the proposal is to attract additional order flow to the Exchange. The Exchange believes that implementing a lower fee cap of $1,000 and a monthly $25,000 per month per member organization fee cap, should increase the Exchange’s ability to compete with other options exchanges for order flow in connection with these types of options strategies.

b. **Statutory Basis**

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act in general, and furthers the objectives of Section 6(b)(4) of the Act in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

4. **Self-Regulatory Organization's Statement on Burden on Competition**

The Phlx does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

5. **Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

No written comments were either solicited or received.

6. **Extension of Time Period for Commission Action**

The Exchange does not consent to an extension of the time period for Commission action.

---

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

   The foregoing proposed rule change establishes or changes a due, fee, or other charge applicable only to a member pursuant to Section 19(b)(3)(A)(ii) of the Act and Rule 19b-4(f)(2) thereunder. Accordingly, the proposal will take effect upon filing with the Commission. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

8. **Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission**

   The proposed rule change is based on the rules of the Chicago Board Options Exchange, Inc., the NYSE Arca, Inc. (formerly the Pacific Exchange, Inc.) and the American Stock Exchange LLC.

9. **Exhibits**

(Release No.                  ; File No. SR-Phlx-2006-55)

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the Philadelphia Stock Exchange, Inc. Relating to Amending the Dividend, Merger, and Short Stock Interest Strategy Program

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")\(^1\), and Rule 19b-4 thereunder,\(^2\) notice is hereby given that on ______________________ 2006, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Phlx. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Phlx, pursuant to Section 19(b)(1) of the Act\(^3\) and Rule 19b-4 thereunder,\(^4\) proposes to amend its dividend,\(^5\) merger,\(^6\) and short stock interest\(^7\) strategies to: (1)

---

\(^5\) For purposes of this proposal, the Exchange defines a “dividend strategy” as transactions done to achieve a dividend arbitrage involving the purchase, sale and exercise of in-the-money options of the same class, executed prior to the date on which the underlying stock goes ex-dividend. See Securities Exchange Act Release No. 54174 (July 19, 2006), 71 FR 42156 (July 25, 2006) (SR-Phlx-2006-40).
replace the current $1,750 fee cap on equity option transaction and comparison charges for both merger strategies executed on the same trading day in the same options class as well as for dividend strategies executed on the same trading day in the same options class, except for a security with a declared dividend or distribution of less than $0.25, with a $1,000 fee cap; and (2) adopt a $25,000 per member organization fee cap on equity option transaction and comparison charges incurred in one month for dividend, merger and short stock interest strategies combined.

The $1,000 and $25,000 caps will be implemented after any applicable rebates, as more fully described below, are applied to Registered Options Trader (“ROT”) and specialist equity option transaction and comparison charges occurring as part of a dividend, merger or short stock interest strategy.

In addition, the Exchange will continue to assess a $0.05 per contract side license fee for dividend and short stock interest strategies in connection with certain products that carry license fees, if applicable. The applicable license fee will be assessed on every transaction and will not be subject to the $1,000 or $25,000 fee caps described above, nor will it count towards reaching the $1,000 or $25,000 caps.

This proposal is scheduled to become effective for trades settling on or after September 1, 2006 and the $1,000 and $25,000 fee caps on equity option transaction and comparison charges.

---

6 For purposes of this proposal, the Exchange defines a “merger strategy” as transactions done to achieve a merger arbitrage involving the purchase, sale and exercise of options of the same class and expiration date, executed prior to the date on which shareholders of record are required to elect their respective form of consideration, i.e., cash or stock. See Id.

7 For purposes of this proposal, the Exchange defines a “short stock interest strategy” as transactions done to achieve a short stock interest arbitrage involving the purchase, sale and exercise of in-the-money options of the same class. See Id.
comparison charges as described above will be subject to the pilot program currently in effect until March 1, 2007.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, the Exchange provides a rebate for certain contracts executed in connection with transactions occurring as part of a dividend, merger or short stock interest strategy. Specifically, for these option contracts executed pursuant to a dividend strategy, the Exchange rebates $0.08 per contract side for ROT executions and $0.07 per contract side for specialist executions transacted on the business day before the underlying stock’s ex-date. The ex-date is the date on or after which a security is traded without a previously declared dividend or distribution. The Exchange also provides for a

8 The current fee caps on equity option transaction and comparison charges on dividend, merger and short stock interest strategies and the $0.05 per contract side license fee for dividend and short stock interest strategies are in effect as a pilot program that is currently scheduled to expire on March 1, 2007. See SR-Phlx-2006-50.
rebate of $0.08 per contract side for ROT executions and $0.07 per contract side for specialist executions made pursuant to a merger or short stock interest strategy.

At present, the net transaction charges and comparison charges for specialists and ROTs after the rebate is applied are capped at $1,000 for short stock interest strategies executed on the same trading day in the same options class and at $1,750 for merger strategies executed on the same trading day in the same options class.\textsuperscript{9} The net transaction and comparison charges are capped at $1,750 for dividend strategies executed on the same trading day in the same options class, except for a security with a declared dividend or distribution of less than $0.25. In that instance, the net transaction and comparison charges are capped at $1,000 for dividend strategies executed on the same trading day in the same options class.\textsuperscript{10} Pursuant to this proposal, the net transaction charge and comparison charges, after the rebate is applied, will be capped at $1,000 for dividend, merger and short stock interest strategies as described above and further capped at $25,000 per month per member organization for dividend, merger and short stock interest strategies combined for that month.

In addition, the Exchange currently assesses a license fee of $0.05 per contract side for dividend and short stock interest strategies in connection with certain products

that carry license fees.\textsuperscript{11} The Exchange will continue to assess the $0.05 per contract side license fee for dividend and short stock interest strategies in connection with certain products that carry license fees if applicable.\textsuperscript{12} The applicable license fee will be assessed on every transaction and will not be subject to the $1,000 or $25,000 fee caps, nor will it count towards reaching the $1,000 or $25,000 caps, consistent with the Exchange’s current practice.

The $1,000 and $25,000 fee caps on equity option transaction and comparison charges, as described above, will be subject to the pilot program currently in effect until March 1, 2007.\textsuperscript{13}

The purpose of the proposal is to attract additional order flow to the Exchange. The Exchange believes that implementing a lower fee cap of $1,000 and a monthly $25,000 per month per member organization fee cap, should increase the Exchange’s ability to compete with other options exchanges for order flow in connection with these types of options strategies.

2. Statutory Basis

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act\textsuperscript{14} in general, and furthers the objectives of Section 6(b)(4) of

the Act\textsuperscript{15} in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

B. **Self-Regulatory Organization's Statement on Burden on Competition**

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. **Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

No written comments were either solicited or received.

III. **Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act\textsuperscript{16} and paragraph (f)(2) of Rule 19b-4\textsuperscript{17} thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. **Solicitation of Comments**
