All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e., partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

The Executive Committee, pursuant to delegated authority, approved the proposal for filing with the Securities and Exchange Commission ("SEC" or "Commission") on March 3, 2005.

Questions and comments on the proposed rule change may be directed to Richard S. Rudolph, Vice President and Counsel at (215) 496-5074 or Edith Hallahan, Senior Vice President and Deputy General Counsel, at (215) 496-5179.
3. **Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

   a. **Purpose**

   The purpose of the proposed rule change is to extend the existing Pilot Program which is scheduled to expire March 1, 2007, for an additional six-month period, through September 1, 2007.

   Position limits impose a ceiling on the number of option contracts in each class on the same side of the market relating to the same underlying security that can be held or written by an investor or group of investors acting in concert. Exchange Rule 1002 (not proposed to be amended herein) establishes corresponding exercise limits. Exercise limits prohibit an investor or group of investors acting in concert from exercising more than a specified number of puts or calls in a particular class within five consecutive business days.

   Rule 1001 subjects equity options to one of five different position limits depending on the trading volume and outstanding shares of the underlying security. Rule 1002 establishes exercise limits for the corresponding options at the same levels as the corresponding security’s position limits.5

---

5 Rule 1002 states, in relevant part, “. . . no member or member organization shall exercise, for any account in which such member or member organization has an interest or for the account of any partner, officer, director or employee thereof or for the account of any customer, a long position in any option contract of a class of options dealt in on the Exchange (or, respecting an option not dealt in on the Exchange, another exchange if the member or member organization is not a member of that exchange) if as a result thereof such member or member organization, or partner, officer, director or employee thereof or customer, acting alone or in concert with others, directly or indirectly, has or will have exercised within any five (5) consecutive business days aggregate long positions in that class (put or call) as set forth as the position limit in Rule 1001, in the case of options on a stock or on an Exchange-Traded Fund Share…”
Standard Position and Exercise Limit

The Pilot Program increases the standard position and exercise limits for equity options traded on the Exchange to the following levels:

<table>

<tr>
<th>Standard Equity Option Contract Limit</th>
<th>Pilot Program Equity Option Contract Limit</th>
</tr>
</thead>
<tbody>
<tr>
<td>13,500 contracts</td>

<th>Pilot Program QQQQ Option Contract Limit</th>

<tbody>
<tr>
<td>300,000 contracts</td>
<td>900,000 contracts</td>

</tbody>
</table>

To date, the Exchange believes that there have been no adverse effects on the market as a result of these increases in the limits for equity option contracts.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act\(^6\) in general, and furthers the objectives of Section 6(b)(5) of the Act\(^7\) in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by extending the pilot for an additional six months.

The Exchange does not consent to an extension of the time period for Commission action.

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

The proposed rule change is being designated by the Exchange as a "non-controversial" rule pursuant to Section 19(b)(3)(A)\(^8\) of the Act and subparagraph (f)(6) of Rule 19b-4 thereunder,\(^9\) because the proposed rule change: (1) does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the Exchange has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the filing of the proposed rule change.\(^{10}\) Consequently, the rule is being filed for immediate effectiveness and the

To date, the Exchange believes that there have been no adverse effects on the market as a result of these increases in the limits for equity option contracts.

2. **Statutory Basis**

The Exchange believes that its proposal is consistent with Section 6(b) of the Act\(^8\) in general, and furthers the objectives of Section 6(b)(5) of the Act\(^9\) in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by extending the pilot for an additional six months.

III. **Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**
