

Information Circular: J.P. Morgan Exchange-Traded Notes

To: Head Traders, Technical Contacts, Compliance Officers, Heads of ETF Trading, Structured Products Traders

From: PHLX Listing Qualifications Department

Index-Linked Notes	Symbol	CUSIP Number
J.P. Morgan Alerian MLP Index Exchange-Traded Notes	AMJ	46625H365

Information on the Notes

J.P. Morgan (the "Issuer") has issued Exchange-Traded Notes ("Notes") linked to the Alerian MLP Index (the "Index"). The Notes mature on May 24, 2024.

The Notes are senior unsecured debt securities of the Issuer that deliver exposure to the portfolio of midstream energy master limited partnerships ("MLP") underlying the Index. The Notes pay a variable quarterly coupon whose value is linked to the cash distributions, if any, paid on the underlying MLPs, less the Accrued Tracking Fee (0.85% per annum). On a weekly basis, investors may request that the Issuer repurchase the Notes before the maturity date.

The Notes do not guarantee any return of principal at maturity or upon early repurchase. The payment at maturity is linked to the performance of the VWAP Level, minus the Accrued Tracking Fee as of the last Index Business Day in the Final Measurement Period. The payment upon early repurchase is linked to the performance of the VWAP Level, minus the Accrued Tracking Fee as of the last Index Business Day in the Repurchase Measurement Period and the Repurchase Fee Amount, plus the Adjusted Coupon Amount, if any.

The VWAP level is, as determined by the VWAP Calculation Agent as of any Index Business Day, (1) the sum of the products of (i) the VWAP of each Index Component as of such date and (ii) the published share weighting of that Index Component as of such date divided by (2) the Index Divisor as of such date.

The VWAP Calculation Agent is the JPMorgan Global Index Research Group. An Index Business Day is any day on which each Primary Exchange and each Related Exchange are scheduled to be open for trading.

Please see the prospectus for the Notes for more details regarding the calculations and details regarding the Index.

It is expected that the market value of the Notes will depend substantially on the value of the Index and may be affected by a number of other interrelated factors including, among other things: the general level of interest rates, the volatility of the Index, the time remaining to maturity, the dividend yield of the stocks comprising the Index, and the credit ratings of the Issuer.

Trading in the Notes on PHLX's PSX system is on a UTP basis and is subject to PHLX rules. The Notes will trade on PSX from 9:00 a.m. until 5:00 p.m. Eastern Time. For trading during PSX's Pre-Market and Post-Market Sessions, market participants should note that additional risks may exist with respect to trading the Notes during these sessions, when the underlying index's value or similar value may not be disseminated.

PHLX will halt trading in the Notes in accordance with PHLX Rule 3100. The grounds for a halt under these rules include a halt by the primary market because the value of the underlying index or a similar value is not being disseminated as required, or a halt for other regulatory reasons. In addition, PHLX will also stop trading the Shares Notes if the primary market de-lists the Notes.

Members and member organizations recommending transactions in the Notes to customers should make a determination that the recommendation is suitable for the customer, as provided by PHLX Rule 763.

PSX members and member organizations also should review NASD Notice to Members 03-71 for guidance on trading these products. The Notice reminds broker-dealers of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

This Information Circular is not a statutory prospectus. PHLX members and member organizations should consult the registration statement or prospectus for the Notes for additional information.
