

Information Circular: WisdomTree Trust

To: Head Traders, Technical Contacts, Compliance Officers, Heads of ETF Trading, Structured Products Traders

From: NASDAQ / BX / PHLX Listing Qualifications Department

Date: March 17, 2011

Exchange-Traded Fund	Symbol	CUSIP #
WisdomTree Asia Local Debt Fund	ALD	97717X842

Background Information on the Fund

The WisdomTree Trust (the "Trust") is a management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"), consisting of several investment portfolios. This circular relates only to the WisdomTree Asia Local Debt Fund (the "Fund"). The shares of the Fund are referred to herein as "Shares." WisdomTree Asset Management, Inc. (the "Adviser") serves as the investment adviser to the Fund. Mellon Capital Management Corporation ("Mellon Capital") serves as sub-adviser to the Fund.

The Fund seeks a high level of total return consisting of both income and capital appreciation.

The Fund seeks to achieve its investment objective through investment in Local Debt denominated in the currencies of a broad range of Asian countries. Under normal circumstances, the Fund will invest at least 80% of its net assets in Local Debt. For these purposes, Local Debt includes fixed income securities, such as bonds, notes or other debt obligations, denominated in local currencies of countries in Asia, as well as certain derivatives and other instruments described herein. The Fund is an actively managed exchange-traded fund ("ETF").

The Fund intends to focus its investments on bonds and other debt instruments issued by governments, government agencies and instrumentalities, and government sponsored enterprises. The Fund also may invest in Local Debt issued by supranational organizations such as the European Investment Bank, Asian Development Bank, International Bank for Reconstruction and Development or International Finance Corporation, and development agencies supported by other national governments. The Fund may invest in corporate bonds economically tied to Asian countries. The Fund also may invest in inflation-linked fixed income securities denominated in Asian currencies.

The Fund intends to provide exposure to the developing/emerging market economies in Asia. Specifically, the Fund intends to invest in Local Debt primarily from South Korea, Indonesia, Malaysia, Singapore, Hong Kong, China, India, Thailand, Philippines, and

Taiwan. The Fund is permitted to invest in developed market economies, such as Australia and New Zealand. This list may change based on market developments. The Fund uses a structured investment approach that analyzes multiple factors. Countries are grouped into differentiated tiers based on an analysis of these factors. Subject to the Fund's general investment requirement to provide broad country exposure within the region, the Fund generally invests a higher percentage of its assets in countries that have larger and more liquid debt markets and that the Fund's adviser believes are pursuing sustainable fiscal and monetary policies in light of economic and market conditions. The country exposures are consistently monitored from a risk perspective and may be modified, reduced or eliminated.

The Fund's exposure to any single country generally will be limited to 20% of the Fund's assets. The percentage of Fund assets invested in a specific region, country or issuer will change from time to time.

The universe of Local Debt currently includes securities that are rated "investment grade" as well as "non-investment grade." The Fund intends to provide a broad-based exposure to Local Debt and therefore will invest in both investment-grade and non-investment-grade securities. Securities rated investment grade generally are considered to be of higher credit quality and subject to lower default risk. Although securities rated below investment grade may offer the potential for higher yields, they generally are subject to a higher potential risk of loss.

The Fund attempts to limit interest rate risk by maintaining an aggregate portfolio duration of between two and eight years under normal market conditions. Aggregate portfolio duration is important to investors as an indication of the Fund's sensitivity to changes in interest rates. Funds with higher durations generally are subject to greater interest rate risk. An aggregate portfolio duration of between two and eight years generally would be considered "intermediate." The Fund's actual portfolio duration may be longer or shorter depending on market conditions. The Fund may also invest in short-term money market securities denominated in the currencies of countries in which the Fund invests.

For purposes of the 80% investment policy described above, Local Debt includes investments in derivatives such as forward currency contracts, interest rate swaps, inflation-linked swaps, total return swaps and credit linked notes. The Fund's use of forward contracts and swaps will be underpinned by investments in short-term, high-quality U.S. money market securities and is designed to provide exposure similar to investments in local currency debt. The Fund does not use derivatives to enhance leverage. A forward contract is an agreement to buy or sell a specific currency at a future date at a price set at the time of the contract. A swap is an agreement between two parties to exchange payments based on a reference asset, which may be a currency or rate, but also may be a single asset, a pool of assets or an index of assets. A currency swap is an agreement between two parties to exchange one currency for another at a future rate. An interest rate swap typically involves the exchange of one interest rate payment for another, such as a floating interest rate payment for a fixed payment. An inflation-linked swap is an agreement between two parties to exchange payments at a future date based on the difference between a fixed payment and a payment linked to the inflation rate at a future date. A total return swap is an agreement between two parties in which one party agrees to make payments of the total return of a reference asset in return for payments equal to a rate of interest on another reference asset. A repurchase agreement is when a fund purchases securities or other obligations from a bank or securities dealer and simultaneously commits to resell them to a counterparty at

an agreed-upon date or upon demand. Repurchase agreements are designed to result in a fixed rate of return for the Fund insulated from market fluctuations during the holding period. A futures contract may generally be described as an agreement for the future sale by one party and the purchase by another of a specified security or instrument at a specified price and time. The Fund may invest in interest rate and other futures contracts listed for trading on exchanges in Asia. A credit linked note is a type of structured note whose value is linked to an underlying reference asset or entity. Credit linked notes typically provide periodic payments of interest as well as payment of principal upon maturity. Assets not invested in Local Debt generally will be invested in investment-grade U.S. government securities and money market instruments. The Fund may invest up to 20% of its assets in debt instruments denominated in U.S. dollars issued by Asian governments and government sponsored enterprises.

The decision to secure exposure through direct investment in bonds or indirectly through derivative transactions will be a function of, among other things, market accessibility, credit exposure, tax ramifications and regulatory requirements applicable to U.S. investment companies. If, subsequent to an investment, the 80% requirement is no longer met, the Fund's future investments will be made in a manner that will bring the Fund into compliance with this policy. The Trust will provide shareholders with sixty (60) days' prior notice of any change to this policy for the Fund. In addition, under normal circumstances, the Fund will invest at least 70% of its assets in "Fixed Income Securities." Fixed Income Securities include debt instruments, such as bonds, notes and other obligations, denominated in Asian currencies or U.S. dollars; Fixed Income Securities do not include derivatives.

Please see the Fund's prospectus for more information regarding the Fund and its investment objective.

As described more fully in the Trust's prospectus and Statement of Additional Information, the Fund will issue and redeem Shares on a continuous basis at their net asset value ("NAV") only in large blocks of 100,000 Shares (each, a "Creation Unit"). Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

The Fund intends to make distributions that may be taxed as ordinary income or capital gains.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes. The NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund's Shares. For a more complete description of the Fund and the underlying Index, visit the Fund's website at www.wisdomtree.com.

Purchases and Redemptions in Creation Unit Size

NASDAQ members, BX members and PHLX members and member organizations are hereby informed that procedures for purchases and redemptions of Shares in Creation Unit Size are described in the Trust's prospectus and Statement of Additional Information and that Shares are not individually redeemable but are redeemable only in Creation Unit Size aggregations or multiples thereof.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing the Fund's performance to not match the performance of the underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, commodity risk, currency exchange risk and active management risk.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on NASDAQ is on a UTP basis and is subject to NASDAQ equity trading rules. Trading of the Shares on BX is on a UTP basis and is subject to BX equity trading rules. Trading of the Shares on PHLX's PSX system is on a UTP basis and is subject to PHLX rules.

Trading Hours

The values of each index underlying the Shares are disseminated to data vendors every 15 seconds. The Shares will trade on NASDAQ between 7:00 a.m. and 8:00 p.m. ET. The Shares will trade on BX between 8:00 a.m. and 7:00 p.m. ET. The Shares will trade on PSX between 9:00 a.m. and 5:00 p.m. ET. For trading during each market's pre-market and post-market sessions, market participants should note that additional risks may exist with respect to trading the Fund during these sessions, when the underlying index's values, intraday indicative value, or similar value may not be disseminated or calculated.

Dissemination of Fund Data

The Consolidated Tape Association will disseminate real time trade and quote information for the Funds to Tape B.

Fund Name	Listing Market	Trading Symbol	IOPV Symbol	NAV Symbol
WisdomTree Asia Local Debt Fund	NYSE Arca	ALD	ALD.IV	ALD.NV

Suitability

Trading in the Shares on NASDAQ will be subject to the provisions of NASDAQ Rule 2310. Trading in the Shares on BX will be subject to the provisions of BX Equity Rule 2310. Shares trading on PSX will be subject to the provisions of PHLX Rule 763. Members and

member organizations recommending transactions in the Shares to customers should make a determination that the recommendation is suitable for the customer. In addition, members must possess sufficient information to satisfy the “know your customer” obligation that is embedded in both the NASDAQ Conduct Rules and the BX Conduct Rules.

NASDAQ members, BX members and PHLX members and member organizations should also review NASD Notice to Members 03-71 for guidance on trading these products. The Notice reminds members of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

Trading Halts

NASDAQ will halt trading in the Shares of a Fund in accordance with NASDAQ Rule 4120. BX will halt trading in the Shares of a Fund in accordance with BX Equity Rule 4120. PHLX will halt trading in the Shares of a Fund in accordance with PHLX Rule 3100. The grounds for a halt under these rules include a halt by the primary market because the intraday indicative value of the Fund, the value of its underlying index, or a similar value are not being disseminated as required, or a halt for other regulatory reasons. In addition, NASDAQ, BX and PHLX will also stop trading the Shares of a Fund if the primary market delists the Fund.

Delivery of a Prospectus

NASDAQ members, BX members and PHLX members and member organizations should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund.

Prospectuses may be obtained through the Fund’s website. The prospectus for the Funds does not contain all of the information set forth in the Fund’s registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the Securities and Exchange Commission (“SEC”). For further information about the Fund, please refer to the registration statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, NASDAQ Rules 5705 and 5740, BX Equity Rules 4420 and 4421, and PHLX Rule 803 require that members and member organizations, respectively, provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust for the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, members and member organizations shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by members or member organizations to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: “A

circular describing the terms and characteristics of the Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund.”

Any NASDAQ, BX or PHLX member or member organization carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to NASDAQ members, BX members and PHLX members or member organizations under this rule.

Upon request of a customer, NASDAQ members, BX members and PHLX members or member organizations shall provide a copy of the prospectus.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the “Act”) regarding trading in the above mentioned exchange-traded Fund.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a

statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit

Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of the Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(I)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of the Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
