### Background Information on the Funds

The iShares Trust (the "Trust") is a management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"). The Trust consists of several exchange-traded funds (each, a "Fund" and collectively, the "Funds"). This circular refers only to the Funds listed above. The shares of each of the Funds listed above are referred to herein as "Shares." BlackRock Fund Advisors ("BFA" or the "Advisor") is the investment advisor for the Funds.

The iShares S&P Target Date 2045 Index Fund seeks investment results that correspond generally to the price and yield performance, before fees and expenses, of the S&P Target Date 2045 Index (the "2045 Index").

The iShares S&P Target Date 2045 Index Fund is a fund of funds and seeks its investment objective by investing primarily in the securities of other iShares funds (each, an "Underlying Fund" and collectively, the "Underlying Funds") that themselves seek investment results corresponding to their own underlying index. The Underlying Funds invest primarily in distinct asset classes, such as large-capitalization U.S. equity, mid-capitalization U.S. equity, emerging market securities, the aggregate bond market or the U.S. treasury bond market; each such asset class has its own risk profile.

The 2045 Index seeks to represent asset allocations for investors with a target retirement horizon on or around 2045, but only you can determine whether or not the Fund's asset allocation reflects your risk tolerance and investment needs. The Fund may not be appropriate for all investors with this target retirement horizon. The 2045 Index's asset allocation may continue to grow more conservative after the target date. The Fund will continue to be exposed to risk of loss after the target date. There is no guarantee that the Fund will provide adequate income through your retirement.

The Fund is designed to broadly meet the investment objectives of investors with an approximate 2045 target retirement horizon by tracking the 2045 Index. As of June 30, 2011, the Fund invested approximately 91% of its assets in Underlying Funds that invest primarily in equity securities and 9% of its assets in Underlying Funds that invest primarily in bonds. As of June 30, 2011, the Fund invested in the iShares S&P 500 Index Fund, iShares S&P MidCap 400 Index Fund, iShares S&P SmallCap 600 Index Fund, iShares Cohen & Steers Realty Majors Index Fund, iShares MSCI EAFE Index Fund, iShares MSCI Emerging Markets Index Fund, iShares Barclays Aggregate Bond Fund, iShares Barclays Short Treasury Bond Fund, iShares S&P GSCI Commodity-Indexed Trust and iShares iBoxx \$ High Yield Corporate Bond Fund. BFA may add, eliminate or replace any and/or all Underlying Funds at any time.

The iShares S&P Target Date 2050 Index Fund seeks investment results that correspond generally to the price and yield performance, before fees and expenses, of the S&P Target Date 2050 Index (the "2050 Index").

The Fund is a fund of funds and seeks its investment objective by investing primarily in the securities of other iShares funds (each, an "Underlying Fund" and collectively, the "Underlying Funds") that themselves seek investment results corresponding to their own underlying index. The Underlying Funds invest primarily in distinct asset classes, such as large-capitalization U.S. equity, mid-capitalization U.S. equity, emerging market securities, the aggregate bond market or the U.S. treasury bond market; each such asset class has its own risk profile.

The 2050 Index seeks to represent asset allocations for investors with a target retirement horizon on or around 2050, but only you can determine whether or not the Fund's asset allocation reflects your risk tolerance and investment needs. The Fund may not be appropriate for all investors with this target retirement horizon. The 2050 Index's asset allocation may continue to grow more conservative after the target date. The Fund will continue to be exposed to risk of loss after the target date. There is no guarantee that the Fund will provide adequate income through your retirement.

The Fund is designed to broadly meet the investment objectives of investors with an approximate 2050 target retirement horizon by tracking the 2050 Index. As of June 30, 2011, the Fund invested approximately 92% of its assets in Underlying Funds that invest primarily in equity securities and 7% of its assets in Underlying Funds that invest primarily in bonds. As of June 30, 2011, the Fund invested in the iShares S&P 500 Index Fund, iShares S&P MidCap 400 Index Fund, iShares S&P SmallCap 600 Index Fund, iShares Cohen & Steers Realty Majors Index Fund, iShares MSCI EAFE Index Fund, iShares MSCI Emerging Markets Index Fund, iShares Barclays Aggregate Bond Fund, iShares Barclays Short Treasury Bond Fund, iShares S&P GSCI Commodity-Indexed Trust and iShares iBoxx \$ High Yield Corporate Bond Fund. BFA may add, eliminate or replace any and/or all Underlying Funds at any time.

The iShares MSCI Emerging Markets Small Cap Index Fund seeks investment results that correspond generally to the price and yield performance, before fees and expenses, of the MSCI Emerging Markets Small Cap Index (the "MSCI Index").

The MSCI Index is designed to measure the performance of equity securities of small capitalization companies, whose market capitalization represents the bottom 14% of, companies in emerging market countries, as measured by market capitalization. As of June 1, 2011, the MSCI Index consisted of issuers in the following 21 emerging market countries: Brazil, Chile, China, Colombia, the Czech Republic, Egypt, Hungary, India,

Indonesia, Malaysia, Mexico, Morocco, Peru, the Philippines, Poland, Russia, South Africa, South Korea, Taiwan, Thailand and Turkey. As of June 1, 2011, the MSCI Index's three largest industries were industrials, consumer discretionary, and information technology.

The Fund generally invests at least 90% of its assets in the securities of the MSCI Index and in depositary receipts ("DRs") representing securities in the MSCI Index. The Fund may invest the remainder of its assets in other securities, including securities not in the MSCI Index, but which BFA believes will help the Fund track the MSCI Index, as well as cash and cash equivalents, including shares of money market funds advised by BFA or its affiliates.

For more information regarding each Fund's investment strategy, please read the prospectus for the Funds.

As described more fully in the Trust's prospectus and Statement of Additional Information ("SAI"), the Funds issue and redeem Shares at net asset value ("NAV") only in large blocks of 50,000 Shares (each block of Shares called a "Creation Unit") for TZW and TZY, or 200,000 Shares for EEMS, or multiples thereof. As a practical matter, only broker-dealers or large institutional investors with creation and redemption agreements (called Authorized Participants) can purchase or redeem these Creation Units. Except when aggregated in Creation Units, the Shares may not be redeemed with the Funds.

For TZW and TZY, dividends from net investment income, if any, generally are declared and paid at least annually by each Fund. Each Fund generally distributes its net capital gains, if any, to shareholders annually. For EEMS, dividends from net investment income, if any, generally are declared and paid semi-annually by the Fund. Distributions of net realized securities gains, if any, generally are declared and paid once a year, but the Company may make distributions on a more frequent basis for the Fund.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for each Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Funds describes the various fees and expenses for the Funds' Shares. For a more complete description of the Funds and the underlying indexes, visit the Funds' website at [www.ishares.com](http://www.ishares.com).

In addition, members and member organizations shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by members or member organizations to customers or the public making specific reference to the Shares

It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund."

Any NASDAQ, BX or PHLX member or member organization carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to NASDAQ members, BX members and PHLX members or member organizations under this rule.

Upon request of a customer, NASDAQ members, BX members and PHLX members or member organizations shall provide a copy of the prospectus.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange-traded Funds.

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

### **Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the

number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to a Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

### **SEC Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of a Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of a Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

### **Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2**

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers

that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of a Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(I)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of a Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

### **SEC Rule 15c1-5 and 15c1-6**

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
