BACKGROUND INFORMATION ON THE FUNDS

The ETF Series Solutions Trust (the “Trust”) is a management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”), consisting of several investment portfolios. This circular relates only to the Funds listed above (each, a “Fund” and together, the “Funds”). The shares of the Fund are referred to herein as “Shares.” Exchange Traded Concepts, LLC (the “Adviser”) is the investment adviser to the Funds.

Vident Core U.S. Bond Strategy Fund

The Vident Core U.S. Bond Strategy ETF (“VBND”) seeks to track the performance, before fees and expenses, of the Vident Core U.S. Bond Index (the “VBND Index”).

VBND attempts to invest all, or substantially all, of its assets in the bonds that make up the VBND Index. VBND expects to use a “replication” strategy to achieve its investment objective, meaning it may invest in all of the component securities of the VBND Index, but may, when the sub-adviser believes it is in the best interests of VBND, use a “representative sampling” strategy, meaning it may invest in a sample of the securities in the VBND Index whose risk, return and other characteristics closely resemble the risk, return and other characteristics of the VBND Index as a whole.

VBND may utilize the “To Be Announced” (“TBA”) market for MBS investments. The TBA market allows investors to gain exposure to MBS with certain broad characteristics (maturity, coupon, age) without taking delivery of the actual securities until the settlement day which is once every month. In addition, VBND may utilize the TBA roll market, in which one sells, in the TBA market, the security for current month settlement, while simultaneously committing to buy the same TBA security for next

month settlement. VBND may utilize the TBA roll market for extended periods of time without taking delivery of the physical securities.

Under normal circumstances, at least 80% of VBND's total assets (exclusive of collateral held from securities lending) will be invested in the component securities of the VBND Index and investments that have economic characteristics that are substantially identical to the economic characteristics of such component securities (such as TBA securities). The Adviser expects that, over time, the correlation between VBND's performance and that of the VBND Index, before fees and expenses, will be 95% or better.

To the extent the VBND Index concentrates (i.e., holds more than 25% of its total assets) in the securities of a particular industry or group of related industries, VBND will concentrate its investments to approximately the same extent as the VBND Index.

Vident Core US Equity ETF

The Vident Core U.S. Equity Fund (the "VUSE Fund") seeks to track the performance, before fees and expenses, of the Vident Core U.S. Stock Index (the "VUSE Index").

VUSE attempts to invest all, or substantially all, of its assets in the common stocks that make up the VUSE Index. VUSE will generally use a "replication" strategy to achieve its investment objective, meaning it may invest in all of the component securities of the VUSE Index, but may, when the sub-adviser believes it is in the best interests of VUSE, use a "representative sampling" strategy, meaning it may invest in a sample of the securities in the VUSE Index whose risk, return and other characteristics closely resemble the risk, return and other characteristics of the VUSE Index as a whole.

Under normal circumstances, at least 80% of VUSE's total assets (exclusive of collateral held from securities lending) will be invested in the component securities of the VUSE Index and investments that have economic characteristics that are substantially identical to the economic characteristics of such component securities. The Adviser, expects that, over time, the correlation between VUSE's performance and that of the VUSE Index, before fees and expenses, will be 95% or better.

To the extent the VUSE Index concentrates (i.e., holds more than 25% of its total assets) in the securities of a particular industry or group of related industries, VUSE will concentrate its investments to approximately the same extent as the VUSE Index.

Vident International Equity Fund

The Vident International Equity Fund ("VIDI") seeks to track the performance, before fees and expenses, of the Vident Core International Equity Index (the "VIDI Index")

VIDI attempts to invest all, or substantially all, of its assets in the common stocks that make up the VIDI Index. VIDI expects to use a "replication" strategy to achieve its investment objective, meaning it will invest in all of the component securities of the VIDI Index, but may, when the sub-adviser believes it is in the best interests of VIDI, use a "representative sampling" strategy, meaning it may invest in a sample of the securities in the VIDI Index whose risk, return and other characteristics closely resemble the risk, return and other characteristics of the VIDI Index as a whole.

Under normal circumstances, at least 80% of VIDI's total assets (exclusive of collateral held from securities lending) will be invested in the component securities of the VIDI Index and investments that have economic characteristics that are substantially identical to the economic characteristics of such component securities. The Adviser expects that, over time, the correlation between VIDI's performance and that of the VIDI Index, before fees and expenses, will be 95% or better.

To the extent the VIDI Index concentrates (i.e., holds more than 25% of its total assets) in the securities of a particular industry or group of related industries, VIDI will concentrate its investments to approximately the same extent as the VIDI Index.

For more information regarding each Fund's investment strategy, please read the prospectus for the Funds.

As described more fully in the Trust's prospectus and Statement of Additional Information ("SAI"), the Funds issue and redeem Shares at net asset value ("NAV") only in large blocks of 100,000 Shares (each block of Shares called a "Creation Unit"). As a practical matter, only broker-dealers or large institutional investors with creation and redemption agreements (called Authorized Participants) can purchase or redeem these Creation Units. Except when aggregated in Creation Units, the Shares may not be redeemed with the Funds.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for each Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Funds describes the various fees and expenses for the Funds' Shares. For a more complete description of the Funds and the underlying indexes, visit the Funds' website at www.videntfinancialsolutions.com.

EXEMPTIVE, INTERPRETIVE AND NO-ACTION RELIEF UNDER FEDERAL SECURITIES REGULATIONS

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange-traded Funds.

REGULATION M EXEMPTIONS

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

CUSTOMER CONFIRMATIONS FOR CREATION OR REDEMPTION OF FUND SHARES (SEC RULE 10B-10)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to a Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC RULE 14E-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of a Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of a Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling

syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of a Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of a Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC RULE 15C1-5 AND 15C1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
