### BACKGROUND INFORMATION ON THE FUND

The PGIM ETF Trust (the “Trust”) is a management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”), consisting of several investment portfolios. This circular relates only to the PGIM Ultra Short Bond ETF (the “Fund”). PGIM Investments LLC (the “Adviser”) serves as the investment adviser to the Fund. The shares of the Fund are referred to herein as “Shares.”

The investment objective of the Fund is to seek total return through a combination of current income and capital appreciation, consistent with preservation of capital.

The Fund seeks to achieve its investment objective by investing primarily in a portfolio of investment grade, U.S. dollar denominated short-term fixed, variable and floating rate debt instruments. Under normal market conditions, the Fund invests at least 80% of its investable assets in bonds with varying maturities. For purposes of this policy, bonds include fixed income instruments issued by the US Government, its agencies and instrumentalities, as well as commercial paper, money market instruments, asset-backed securities, funding agreements, variable rate demand notes, bills, notes and other obligations issued by banks, corporations and other companies (including trust structures), obligations issued by non-U.S. banks, companies or non-US governments, and municipal bonds and notes. The term “investable assets” refers to the Fund's net assets plus any borrowings for investment purposes. The Fund's investable assets will be less than its total assets to the extent that it has borrowed money for non-investment purposes, such as to meet anticipated redemptions. The Fund is an actively managed exchange traded fund (ETF) and, thus, does not seek to replicate the performance of a specified index.

Although the Fund may invest in instruments of any duration or maturity, the Fund normally will seek to maintain a weighted average portfolio duration of one year or less and a weighted average maturity of three years or less. The Fund’s weighted average portfolio duration and maturity, however, may be longer at any time or from time to time based on market conditions. Duration

should not be confused with maturity. Duration is the magnitude of the change in the price of a bond relative to a given change in the market interest rate. Duration incorporates a bond's yield, coupon interest payments, final maturity, call and put features and prepayment exposure into one measure. Duration provides an indication of the potential volatility of the price of a portfolio of bonds prior to maturity and a greater sensitivity to changes in interest rates typically corresponds to higher volatility and higher risk. For example, if a portfolio has a duration of three years and interest rates increase by 1%, then the portfolio would be expected to decline in value by approximately 3%.

The Fund may only invest in fixed income investments that have a minimum short term rating (i.e., ratings assigned to securities generally having an original maturity not exceeding one year) of at least A2 by S&P Global Ratings (S&P) or P2 by Moody's Investors Service (Moody's) or a minimum long-term rating (i.e., ratings assigned to securities generally having an original maturity exceeding one year) of BBB- by Moody's or Baa3 by S&P, or the equivalent by another nationally recognized statistical rating organizations (NRSRO). The Fund may also invest in unrated fixed income investments that the Fund's subadviser determines to be of comparable quality to the rated fixed income investments. In the event that a security receives different ratings from different NRSROs, the Fund will treat the security as being rated in the highest rating category received from an NRSRO. A rating is an assessment of the likelihood of the timely payment of interest and repayment of principal and can be useful when comparing different debt obligations. These ratings are not a guarantee of quality. The opinions of the rating agencies do not reflect market risk and they may, at times, lag behind the current financial condition of a company.

Some (but not all) of the US Government securities and mortgage-related securities in which the Fund will invest are backed by the full faith and credit of the US Government, which means that payment of interest and principal is guaranteed, but yield and market value are not. These include obligations of the Government National Mortgage Association (GNMA or "Ginnie Mae") and the Farmers Home Administration and the Export-Import Bank. Securities issued by other government entities, like obligations of the Federal National Mortgage Association (FNMA or "Fannie Mae"), the Student Loan Marketing Association (SLMA or "Sallie Mae"), the Federal Home Loan Mortgage Corporation (FHLMC or "Freddie Mac"), the Federal Home Loan Bank, the Tennessee Valley Authority and the United States Postal Service are not backed by the full faith and credit of the US Government. However, these issuers have the right to borrow from the US Treasury to meet their obligations. In contrast, the debt securities of other issuers, like the Farm Credit System, depend entirely upon their own resources to repay their debt obligations.

In managing the Fund's assets, the subadviser uses a combination of top-down economic analysis and bottom up research in conjunction with proprietary quantitative models and risk management systems. In the top down economic analysis, the subadviser develops views on economic, policy and market trends. In its bottom up research, the subadviser develops an internal rating and outlook on issuers. The rating and outlook is determined based on a thorough review of the financial health and trends of the issuer. The subadviser may also consider investment factors such as expected total return, yield, spread and potential for price appreciation as well as credit quality, maturity and risk.

Please read the Fund's prospectus for more information regarding its investment objectives.

As described more fully in the Trust's prospectus and Statement of Additional Information, the Fund will issue and redeem Shares on a continuous basis at their net asset value ("NAV") only in large blocks of 25,000 Shares (each, a "Creation Unit"). Creation Units will be issued and redeemed

principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund's Shares. For a more complete description of the Fund and the underlying Index, visit the Fund's website at [www.pgiminvestments.com](http://www.pgiminvestments.com).

In addition, members and member organizations shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any NASDAQ, BX or PHLX member or member organization carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to NASDAQ members, BX members and PHLX members or member organizations under this rule.

Upon request of a customer, NASDAQ members, BX members and PHLX members or member organizations shall provide a copy of the prospectus.

### **EXEMPTIVE, INTERPRETIVE AND NO-ACTION RELIEF UNDER FEDERAL SECURITIES REGULATIONS**

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange-traded Fund.

## REGULATION M EXEMPTIONS

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

## CUSTOMER CONFIRMATIONS FOR CREATION OR REDEMPTION OF FUND SHARES (SEC RULE 10B-10)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

## SEC RULE 14E-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

## SECTION 11(D)(1); SEC RULES 11D1-1 AND 11D1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of the Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of the Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

## SEC RULE 15C1-5 AND 15C1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief

Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
