

NASDAQ OMXSM

PHLX

Memo No.# 1561-08

William Terrell
First Vice President
Market Operations

August 25, 2008

To: Equity Options Members and Member Firms

Subject: Changes to Specialized Quote Feed ("SOF")

The NASDAQ OMX PHLX has implemented a new version for performance enhancements to the internal systems that feed the Specialized Order Feed (SOF).

Description of changes:

SOF Capacity increase will stop messages from being queued when connection is not available. (Refer to the attached Customer notification)

The SOF capacity changes will be affective August 29, 2008.

Member Firms who experience any system problems and/or interruption in service on the above stated date should immediately contact our Trading System Support Group at 215-496-1571.

If you have any questions regarding this memorandum you may contact Marty Sonntag at 215-496-5458 or Shelly Brown at 215-496-5602.

If you have any questions regarding this notification you may contact William Terrell at 215-496-5205.

Sincerely,
