Memo 1348-08

From: Option Services Department

Date: July 11, 2008

Re: PHLX LISTED JANUARY 2009 Leaps® - CONVERSION TO REGULAR PHLX OPTIONS

Effective Monday, July 14, 2008 the PHLX January 2009 Leaps® associated with the traditional MAR expiration cycle, will be subject to symbol changes whereby the LEAPS* symbols will change to their regular listed equity option symbols. For example, ARCELOR MITTAL - 2009 LEAPS*, 'ZMU' will become regular 'MUQ' options.

Please note, the existing January 2009 LEAPS* Strike Prices and Open Interest will rollover to regular January 2009 options. Standard Interval Strike Prices, at or near the money, will be added to the rolled over regular January 2009 options where required. these additions will be on the Daily Strike Price Changes memorandum generated on the last business day of this week.

Customers should be advised that due to those symbol changes, all GTC orders should be cancelled and must be re-entered prior to the Open of Business Monday, July 14, 2008

Any additional January 2009 LEAPS added after this memorandum has been published will be shown on Friday's daily memo as "DELETES" in the 2009 Leap symbol and "ADDS" in the regular MAR series effective Monday, July 14, 2008

Questions regarding this release may be directed to the Listings Administration Department at 1-800-THE-PHLX or (215)496-1266.

List of January 2009 LEAPS

Rolling Over - Effective Monday, July 14, 2008
