Subject: Inclusion of NASDAQ options quotes in the ISE NBBO

On Monday, March 31, 2008, NASDAQ is scheduled to launch its options market with the listing of two options classes, QQQQ and AMAT. The ISE Options Market will include all relevant NASDAQ options quotes in the ISE NBBO calculation for QQQQ and AMAT. Linkage to the NASDAQ options market center through the OLA HUB will be enabled.

The ISE will follow NASDAQ's listing plan and include the disseminated quotes as new classes are added.
