**Subject: Post Trade Allocations**

The purpose of this Market Information Circular (MIC) is to announce a change in the clearing access window for post trade allocations at ISE.

Starting Monday, May 23, 2011, the post-trade window used by members to make clearing changes will close at 5:30 p.m. (ET). This change reflects a close 30 minutes earlier than the current 6:00 p.m. (ET) time in support of an industry initiative to reduce processing times.
