Regulatory Information Circular – 2002-07

To: ISE Members

Date: May 2, 2002

Re: Rule Change Notice – Proposed Changes to NASD Arbitration Rules

On November 21, 2001, the Commission approved a rule change relating to ISE’s arbitration rules. (Securities Exchange Act Release No. 45094 (November 21, 2001).) The rule change created new Rule 1800, which in part states that the NASD’s Code of Arbitration, as the same may be in effect from time to time, shall govern ISE arbitrations. These changes were made to facilitate an arrangement between ISE and NASD whereby NASD Dispute Regulation, Inc. provides services related to arbitration proceedings involving ISE Members.

Because ISE’s rule incorporates by reference the NASD’s Code of Arbitration, we will notify our Members whenever the Commission publishes for comment a proposed rule change to the NASD Code of Arbitration. We similarly will notify Members when the Commission approves any such proposed changes. The Exchange will provide these notices by issuing Regulatory Information Circulars.

Pursuant to these notification procedures, this circular is being issued to advise Members of two pending rule changes to the NASD Code of Arbitration:

- In the April 19, 2002 Federal Register, the Commission published notice of amendments to a proposed rule change (SR-NASD-97-44) by the NASD regarding the eligibility of claims for arbitration. (Securities Exchange Act Release No. 45746 (April 12, 2002).)

- In the May 1, 2002 Federal Register, the Commission published notice of filing of a proposed rule change (SR-NASD-2002-15) by the NASD relating to situations in which a suspended, terminated, or otherwise defunct member or associated person fails to answer or participate in an arbitration proceeding. (Securities Exchange Act Release No. 45818 (April 24, 2002).)

A copy of the each notice is attached for reference. Any questions regarding the foregoing may be directed to the attention of Jennifer Lamie, Assistant General Counsel (212-897-0234 or jlamie@iseoptions.com).
SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Order Approving Proposed Rule Change by the Chicago Board Options Exchange, Inc. Relating to Minimum Trading Increments for Spread, Straddle, and Combination Orders in Options on the S&P 500 Index

April 11, 2002.

On December 13, 2001, the Chicago Board Options Exchange, Inc. (“CBOE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”), 1 and Rule 19b–4 thereunder, 2 a proposed rule change to amend CBOE Rule 6.42, Minimum Increments for Bids and Offers, to require that bids and offers on spread, straddle, or combination orders in options on the S&P 500 Index (“SPX”), except for box spreads, be expressed in decimal increments no smaller than $0.05. In addition, the proposed rule change adds new interpretation .05 to CBOE to define the term “box spreads.”

The proposed rule change was published for comment in the Federal Register on March 5, 2002. 3

The Commission finds that the proposed rule change in consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange and, in particular, the requirements of Section 6 of the Act 4 and the rules and regulations thereunder. The Commission believes that the proposed rule change is consistent with Section 6(b)(5) of the Act, 5 which, among other things, requires that the Exchange’s rules be designed to promote just and equitable principles of trade and facilitate transactions in securities. The commission believes that requiring bids and offers, in spread, straddle, and combination orders in SPX options to be expressed in decimal increments no smaller than $0.05 should increase the ability of SPX options traders to execute these types of orders efficiently by reducing the number of steps necessary to break the orders down into the required contract quantities and prices. It is therefore ordered, pursuant to Section 19(b)(2) of the Act, 6 that the proposed rule change (SR–CBOE–2001–62) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority. 7

Margaret H. McFarland,

Deputy Secretary.

BILLING CODE 8010–01–M

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Notice of Filing of Amendment Nos. 5 and 7 to a Proposed Rule Change by the National Association of Securities Dealers, Inc. Regarding the Eligibility of Claims for Arbitration

April 12, 2002.

On June 24, 1997, the National Association of Securities Dealers, Inc. (“NASD”), through its wholly owned subsidiaries NASD Regulation, Inc. (“NASD Regulation”) and NASD Dispute Resolution, Inc. (“NASD Dispute Resolution”), 3 filed with the Securities and Exchange Commission (“Commission”) a proposed rule change pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”), 2 and Rule 19b–4 thereunder 3 to amend NASD Rules 10304, 10307, and 10324 of the NASD’s Code of Arbitration Procedure (“Code”). Notice of the proposed rule change and Amendment Nos. 1, 2, 3, and 4 thereto was published for comment in the Federal Register on January 6, 1998. 4 The NASD filed Amendment Nos. 5, 6, and 7 to the proposal on March 20, 1998; September 30, 1999; and March 15, 2002, respectively. 5

The Commission is publishing this notice of Amendment Nos. 5 and 7 to solicit comments on proposed rule change, as amended, from interested persons. To date, the Commission has received ten comments on the proposal. 6

I. Text of Proposed Rule Change

The NASD has proposed amendments to the provisions of the Code that govern the eligibility of claims. The proposed rule change, as amended, is set forth below. The base text is taken from the proposed rule change that the Commission published for comment in 1998. Additional language proposed by the NASD in Amendment No. 5 is italicized; language deleted by Amendment No. 5 is in brackets.

10304. Time Limit on Eligibility of Claims for Arbitration; Procedures for Determining Eligibility Under This Rule

This rule describes when a claim must be filed in order to be eligible for arbitration, how and when parties may challenge the eligibility of claims, and the Director’s role in determining eligibility.

(a) Claims eligible for arbitration and the Director’s role in determining the eligibility of claims.

(1) Any filed claim is eligible for arbitration unless the Director decides it is ineligible. The Director may decide a claim is ineligible only if:

(A) A party that is responding to a claim, the responding party, asks the Director to decide that the claim is ineligible; and

1 The original rule filing and Amendment Nos. 1 to 6 were filed by the NASD through the Office of Dispute Resolution (“ODR”) was a part before July 9, 2000.

(B) The Director determines that the claim is based on an occurrence or event that took place 6 years or more before the claim was filed.

(2) The 6 year eligibility period in paragraph (a)(1)(B) will be extended only for the length of time that a claim is pending in court. (The eligibility period will not be extended during any period in which a responding party fraudulently concealed facts from the claimant.)

(b) Procedures for challenging eligibility and new time periods for answering and delivering documents.

(1) If a responding party wants the Director to decide whether a claim is ineligible:

(A) A responding party must serve a written request on the Director and all the other parties to the arbitration; and

(B) A responding party must serve the written request no later than 30 days after the responding party was served the Statement of Claim. (Rule 10314(c) explains how to serve a document.)

(2) To oppose the written request, a party must serve a written response on the Director and all the parties. This written response must be served no later than 14 days after the party was served the written request.

(3) The Director will try to determine eligibility issues within 30 days of receiving the written request. The Director will serve the decision on all the parties.

(4) The Director's determination is final. No party to the arbitration may seek review of the determination in any forum. In an action to vacate the arbitration award, or in any other proceeding.

(5) If a claimant amends a Statement of Claim filed in arbitration, a responding party may challenge the eligibility of any new claim in the amended Statement of Claim.

(6) The parties do not have to file an answer or any other documents until 45 days after the Director serves the decision on eligibility.

(c) Challenges to eligibility when a claimant files a claim or claims in court.

(1) If a court orders a claim to arbitration at the request of the responding party, then the responding party may not challenge the claim's eligibility in arbitration.

(2) The responding party may challenge the eligibility of a claim in arbitration that a claimant initially filed in court when:

(A) The court orders the claim to arbitration and the responding party did not request the order, or

(B) The claimant moves the claim from court to arbitration without a court order.

(d) Determinations of eligibility and statutes of limitation.

(1) All statutes of limitation [or any other time limitations that may apply to a claim] are extended from the time a Statement of Claim is filed until 45 days after the Director serves a decision on eligibility or the Association no longer has jurisdiction over a claim, whichever is later. The parties agree that they will not assert a statute of limitations defense in court that is inconsistent with this subparagraph.

(2) The Director's determination that a claim is eligible or ineligible does not determine whether a claim was filed later than the time allowed by a statute of limitations. The parties may still assert to the arbitrators or the court that has jurisdiction over a claim any statute of limitations defense that applies to a claim.

(3) A claimant may pursue a claim in court even if a court or the Director determines the claim is ineligible for arbitration.

(4) Consolidation of eligible and ineligible claims. If the Director decides that one or more of the claims is not eligible for arbitration, a customer claimant may:

(1) Pursue all of the claims included in the Statement of Claim in court; or

(2) Pursue the eligible claims in arbitration and the ineligible claims in court.

(f) Definitions.

(1) “Claim”—For purposes of this Rule, the term “claim” means any dispute or controversy described in a Statement of Claim or answer, including Counter-claims, Cross-claims, and Third-party claims, for which the claimant is seeking any form of relief, damages or other remedy.

(2) “Occurrence or event”—For purposes of this Rule, the term “occurrence or event” means:

(A) The date of the transaction upon which the claim is based; or,

(B) If the claim does not arise from a transaction, the date of the occurrence of the act or omission upon which the claim is based.

10307. Reserved

10324. Interpretation of Provisions of Code and Enforcement of Arbitrator Rulings

The arbitrators may interpret and apply the provisions of this Code and take appropriate action to obtain compliance with any ruling that they make, except other provisions of this Code. The interpretations and actions of the arbitrators to obtain compliance shall be final and binding upon the parties.

* * * * *

III. Amendment Nos. 5, 6, and 7 **

In Amendment No. 5, the NASD responded to comments on the proposal and made two minor revisions to the proposed rule text in response to points raised by one commenter. First, the NASD amended proposed NASD Rule 10304(d)(1), which is largely a recodification of current NASD Rule 10307(a), by deleting the words “or any other time limitations that may apply to a claim.” The NASD explained, however, that it intended for the term “statute of limitations” to be read broadly to include all time limitations that might apply to a claim under applicable law. Second, in proposed NASD Rule 10304(f)(1), the NASD revised the definition of “claim” by inserting the words “or answer” following “Statement of Claim.” In Amendment No. 6, the NASD stated that the effective date of the proposed rule change would be 120 days after the Commission had taken final action on the last of three related rule filings: SR–NASD–97–44 (the present proposal), SR–NASD–97–47,8 and SR–NASD–98–74.9 The NASD stated that, to avoid multiple amendments of customer account agreements as a result of these three

* * * * *

** These amendments may be viewed on the website of NASD Dispute Resolution. See http://www.nasdadr.com/rule_filings_index.asp?g=97–44.

9 See Securities Exchange Act Release No. 42160 (November 19, 1997), 64 FR 6668 (November 29, 1999), SR–NASD–98–74 would, in relevant part, amend NASD Rule 31100(f)(1) and governing the interest of predispute arbitration agreements with customers to coincide with the proposed amendments to NASD Rule 10304. First, it would amend the language that NASD members are required to place in predispute arbitration contracts to acknowledge that, under the rules of the arbitration forum, parties may sue each other in court for certain claims. See proposed amendments to NASD Rule 31100(f)(1)(A) and (F). SR–NASD–98–74 also would prohibit NASD members from including in any predispute arbitration agreement any condition that “limits the ability of a party to file any claim in court permitted to be filed in court under the rules of the forums in which a claim may be filed under the agreement.” This provision would incorporate within parties' arbitration agreements the ability to litigate claims that the Director had determined to be ineligible for arbitration (along with otherwise eligible claims) under the bifurcation provision of proposed NASD Rule 10304(e). See proposed amendments to NASD Rule 31100(f)(2). Finally, SR–NASD–98–74 would incorporate within parties' agreements the proposed change in NASD Rule 10304(c) that would require members to arbitrate all claims included in a complaint that a member had asked a court to compel to arbitration, even if any of those claims were over six years old. See proposed amendment to NASD Rule 31100(f)(3).
proposed rule changes, all of them should take effect at the same time, and that the effective date of the rules should provide enough time for member firms to replace their customer agreements.

In Amendment No. 7, the NASD again revised the proposed effective date. The NASD has now stated that it would de-link the effective date of this proposed rule change from the two others. The NASD also stated that it would announce the effective date of the proposed rule change in a Notice to Members following final action by the Commission, and that the effective date would be at least 30 days after publication of a Notice to Members. Because Amendment No. 7 supercedes Amendment No. 6, the Commission is not soliciting comment on the latter.

VI. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the proposed rule change, as amended, including whether the proposal is consistent with the Act. In particular, the Commission is soliciting comment on the issues highlighted below:

Existing NASD Rule 10304 does not provide guidance regarding who makes the determination of eligibility, when such determinations should be made, and under what procedures. This has resulted in protracted and expensive litigation proceedings. The proposed rule is based on the current rule, continuing with the basic premise that claims older than six years are not appropriate for arbitration. The proposed rule change states that it would address defects in the existing rule, in part, by narrowing the outright ban on older cases (because the ban would not be enforced unless a responding party raised the provision within the time established by the rule), and by appointing the Director to determine whether the Statement of Claim asserts that claims are within the six-year time limitation. Proposed NASD Rule 10304(a)(4) would provide that the Director’s decision regarding the eligibility of a claim is final, and that no party to the arbitration may seek review of the determination in any forum, in an action to vacate the arbitration award, or in any other proceeding. Decisions on eligibility that have been made by arbitrators have been subject to motions to vacate under the Federal Arbitration Act. Under the proposed rule change eligibility determinations would no longer be subject to such motions. Given this background:

1. Should the proposed rule explicitly provide for additional review of the Director’s determination on eligibility, for example, to the NASD Dispute Resolution Board of Governors?

2. In the absence of review of particular eligibility determinations under the proposed rule, does NASD Dispute Resolution governance and oversight by the Commission provide sufficient assurance of the integrity of eligibility determinations?

Brokers-dealers are compelled by existing NASD Rule 10301(a) to arbitrate certain customer claims upon demand. NASD member firms generally require customers, in their account opening documents, to agree that disputes must be arbitrated. Under proposed NASD Rule 10304(d)(3), “a claimant may pursue a claim in court even if a court or the Director determines the claim is ineligible for arbitration.” Further, proposed NASD Rule 10304(e) would allow a claimant to consolidate eligible and ineligible claims in court, or to bifurcate the claims, pursuing some in arbitration or others in court. In a companion filing, the NASD has proposed to amend NASD Rule 3110(f) governing the use of predispute arbitration agreements with customers to implement the changes to NASD Rule 10304 proposed in the present filing.

In light of the above:

3. Is it reasonable for the NASD to permit its members to restrict the availability of the NASD’s arbitration forum for a claim based on an occurrence or event that took place six years or more before the claim was filed when the possible consequences include: (a) the bifurcation of a particular customer’s claims into court and arbitration proceedings; (b) the resolution of a particular customer’s claims in court proceedings rather than through arbitration; and (c) the clear rejection of the “election of remedies” doctrine, providing claimants with the ability to pursue a claim based on an occurrence or event that took place six years or more before the claim was filed in a court with jurisdiction over a claim?

4. Is it reasonable for claims based upon state or common law that are based on an occurrence or event that took place six years or more before the claim was filed to be directed to courts with jurisdiction over the law that gave rise to the claim?

5. Would proposed NASD Rules 10304(d)(3) and 10304(e), taken together with the amended arbitration agreements required under the proposed changes to NASD Rule 3110(f), be sufficient to convince courts that the parties have agreed to allow certain claims to be pursued in court, even if the Director had found them ineligible for arbitration?

The proposed rule change carries forward the principle from existing NASD Rule 10304 that claims older than six years will generally be ineligible for arbitration. Under proposed NASD Rule 10304(a)(1)(B), the Director may find a claim ineligible if the claim was based on an “event or occurrence that took place 6 years or more before the claim was filed.” Under proposed NASD Rule 10304(f)(2), an “occurrence or event” would mean, “if the claim does not arise from a transaction, the date of the occurrence of the act or omission upon which the claim is based...” 14

6. Does this definition of “occurrence or event” require more specificity?

7. Is the language of the proposed rule change sufficiently clear to allow the Director to determine that a claim is eligible when the allegations that form the basis of the claim occurred within the six-year time limitation if they are related to a transaction that occurred more than six years ago?

Statutes of limitations for claims under the federal securities laws generally require that a plaintiff commence its action within one year after the discovery of the facts that constitute the violation and within three years after the occurrence of such violation. Proposed NASD Rule 10304(d)(1) would provide: “All statutes of limitation are extended from the time a Statement of Claim is filed until 45 days after the Director serves a decision

10NASD Dispute Resolution also stated that NASD Regulation would file a similar amendment with respect to Section 10(b) of the Exchange Act.

11 Currently, Rule 10324 provides, in part, that the arbitrators shall be empowered to interpret and determine the applicability of all provisions under the Code and that such interpretations are binding on the parties.

12 Proposed NASD Rule 10304(a)(2) would state: “The eligibility period will not be extended during any period in which a responding party is required to produce evidence to substantiate fraudulently concealed facts from the claimant.”

14 See supra note 9.

15 See supra note 9.
on eligibility or the Association no longer has jurisdiction over a claim, whichever is later. The parties agree that they will not assert a statute of limitations defense in court that is inconsistent with this subparagraph.”

8. Do proposed NASD Rule 10304(d)(1) and the proposed amendments to NASD Rule 3110(f) provide reasonable assurances to the parties regarding the possibility that a statute of limitations could expire during the period of time in which the Director is making an eligibility determination?

9. Should proposed NASD Rule 10304 be amended to provide that a claimant may request an expedited determination of eligibility where the claimant has concerns regarding the possible expiration of a statute of limitations?

Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549–0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission’s Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the NASD. All 2 submissions should refer to File No. SR–NASD–97–44 and should be submitted by May 10, 2002.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Margaret H. McFarland, Deputy Secretary.

BILLING CODE 8010–01–P

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; the Options Clearing Corporation; Order Approving a Proposed Rule Change Relating to Forms of Margin Collateral

April 12, 2002.

On March 9, 2001, The Options Clearing Corporation (“OCC”) filed with the Securities and Exchange Commission (“Commission”) and on August 24, 2001, amended proposed rule change SR–OCC–2001–04 pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”). Notice of the proposal was published in the Federal Register on November 13, 2001.2 On April 8, 2002, OCC filed a second amendment.3 No comment letters were received. For the reasons discussed below, the Commission is approving the proposed rule change.

I. Description

The proposed rule change expands the types of debt securities that clearing members may deposit with OCC as margin collateral. In light of the declining supply of U.S. Treasury bills, notes, and bonds, the rule change allows OCC clearing members to deposit as margin debt securities issued by Congressionally chartered corporations (government sponsored enterprise or “GSE”) debt securities.

To be acceptable as margin collateral, the GSE debt securities must be approved by OCC’s membership/margin committee. OCC’s membership/margin committee has approved certain non-callable debt securities issued by two GSEs, the Federal Home Loan Mortgage Corporation (Freddie Mac) and the Federal National Mortgage Association (Fannie Mae), as being eligible for margin deposit.4 Both companies are stockholder-owned, Congressionally chartered corporations with the public purpose of increasing the supply and availability of home mortgages.

In 1998, Freddie Mac initiated its Reference Debt Program (“RDP”) in order to finance the mortgages it provides a detailed description of its BDP program.

Freddie Mac sells large issues of long and short-term non-callable debt (i.e., bills, notes, and bonds) to provide investors with high quality debt securities.6 The debt securities generally are distributed through a group of participating dealers that also support secondary trading in the securities. To ensure broad based dealer participation, Freddie Mac limits the allocation to any one dealer to 35 percent of the offered amount. The debt securities are offered according to a predetermined schedule and issued in sufficient quantities to provide investors with liquid secondary markets. The RDP debt securities issued by Freddie Mac are the general obligations of the company and are not secured by the full faith and credit of the U.S. Government. Not all RDP debt has been rated. However, all such debt that has been rated has received S&P and Moody’s top ratings. Domestic clearing and settlement may be done through organizations participating in one or more U.S. clearing systems, principally the book entry system operated by the Board of Governors of the Federal Reserve System. As a result, OCC will be readily able to perfect its security interest in these securities.

Also in 1998, Fannie Mae launched the Benchmark Debt Program (BDP), which is its debt financing initiative.7 The BDP model is almost identical to the RDP model. Through the BDP, Fannie Mae sells large issues of non-callable long and short-term debt securities that are the general obligations of the company and are not secured by the full faith and credit of the U.S. Government.8 Other than the total value of securities issued in the programs, the most notable difference between the RDP and BDP is that all BDP securities have been rated and have received Moody’s and S&P’s top credit ratings.

These debt securities issued by Freddie Mac and Fannie Mae are liquid, marketable, and of high credit quality which makes them an appropriate form of margin collateral. These characteristics help ensure that OCC will be readily able to liquidate the securities and to realize their market value in order to cover any clearing member default. Securities haircuts, 8 At the end of 2000, the total outstanding notional value of non-callable RDP bonds and notes approached $100 billion. The outstanding notional value of the non-callable RDP bills approached $600 billion.
8 Fannie Mae’s web site, www.fanniemae.com, provides a detailed description of its BDP program. 9 At the end of 2000, the total outstanding notional value of non-callable BDP bonds and notes approached $180 billion. The outstanding notional value of BDP bills approached $350 billion in notional value at the end of 2000.
Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

ISE Rule 720 gives the Exchange authority to bust or adjust trades that result from an obvious error. The rule contains objective standards regarding the definition of an “obvious error,” the circumstances under which a trade should be adjusted or busted, and the price to which a trade should be adjusted if adjustment is appropriate. The Rule currently defines an obvious error based upon the market conditions and the difference between the execution price and the “theoretical price” of the options series. To be an obvious error, the difference in execution and theoretical price must be greater than $0.50 or two times the allowable spread in regular market conditions (three times the allowable spread in “fast market” conditions).

The current rule does not directly consider the price at which the particular options series is trading in determining whether there has been an obvious error (although the allowable spread does increase as an option’s price increases). The ISE represents that in administering the Rule, it has found that (1) the price of an option is a significant factor in determining when there is an obvious error; and (2) a pricing error in an options series trading at less than $3.00 can often be significant even if it does not meet the current $0.50 minimum requirement. The Exchange thus proposes that the standard for determining the existence of an obvious error for options series trading at less than $3.00 be whether the difference between the execution price and the theoretical price is at least $0.25.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act [15 U.S.C. 78f(b)] in general, and furthers the objectives of Section 6(b)(5) in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange did not solicit or receive written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the Federal Register or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

(A) by order approve such proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549–0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission’s Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to File No. SR–ISE–2001–34 and should be submitted by May 22, 2002.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Margaret H. McFarland,
Deputy Secretary.

April 24, 2002.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) [15 U.S.C. 78s(b)(1)] and Rule 19b–4 thereunder, notice is hereby given that on February 1, 2002, the National Association of Securities Dealers, Inc. ("NASD" or "Association"), through its wholly owned subsidiary, NASD Dispute Resolution, Inc. ("NASD Dispute Resolution"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by NASD Dispute Resolution. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

NASD Dispute Resolution is proposing to amend Rule 10314 of the NASD Code of Arbitration Procedure (“Code”) to provide default procedures for situations in which a suspended, terminated, or otherwise defunct member or associated person fails to answer or participate in an arbitration proceeding, and the claimant nevertheless elects to pursue arbitration. Below is the text of the proposed rule change. Proposed new language is in italics.

* * * * *

Code of Arbitration Procedure

10314. Initiation of Proceedings

Except as otherwise provided herein, an arbitration proceeding under this Code shall be instituted as follows:

(a) Statement of Claim
   Unchanged.

(b) Answer—Defenses, Counterclaims, and/or Cross-Claims
   (1) Unchanged.
   (2) (A)–(B) Unchanged.
   (C) A Respondent, Responding Claimant, Cross-Claimant, Cross-Respondent, or Third-Party Respondent who fails to file an Answer within 45 calendar days from receipt of service of a Claim, unless the time to answer has been extended pursuant to subparagraph (5), below, may, in the discretion of the arbitrators, be barred from presenting any matter, arguments, or defenses at the hearing. Such a party may also be subject to default procedures as provided in paragraph (e) below.

(3)–(4) Unchanged.

(5) Unchanged.

(c)–(d) Unchanged.

(e) Default Procedures
   (1) A Respondent, Cross-Respondent, or Third-Party Respondent that fails to file an Answer within 45 calendar days from receipt of service of a Claim, unless the time to answer has been extended pursuant to paragraph (b)(5), may be subject to default procedures, as provided in this paragraph, if it is:
      (A) a member whose membership has been terminated, suspended, canceled, or revoked;
      (B) a member that has been expelled from the NASD;
      (C) a member that is otherwise defunct; or
      (D) an associated person whose registration is terminated, revoked, or suspended.

(2) If all Claimants elect to use these default procedures, the Claimant(s) shall notify the Director in writing and shall send a copy of such notification to all other parties at the same time and in the same manner as the notification was sent to the Director.

(3) If the case meets the requirements for proceeding under default procedures, the Director shall notify all parties.

(4) The Director shall appoint a single arbitrator pursuant to Rule 10308 to consider the Statement of Claim and other documents presented by the Claimant(s). The arbitrator may request additional information from the Claimant(s) before rendering an award. No hearing shall be held, and the default award shall have no effect on any non-defaulting party.

(5) The Claimant(s) may not amend the claim to increase the relief requested after the Director has notified the parties that the claim will proceed under default procedures.

(6) An arbitrator may not make an award based solely on the non-appearance of a party. The party who appears must present a sufficient basis to support the making of an award in that party’s favor. The arbitrator may not award damages in an amount greater than the damages requested in the Statement of Claim, and may not award any other relief that was not requested in the Statement of Claim.

(7) If the Respondent files an Answer after the Director has notified the parties that the claim will proceed under default procedures but before an award has been rendered, the proceedings under this paragraph shall be terminated and the case will proceed under the regular procedures.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NASD Dispute Resolution included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below.

NASD Dispute Resolution has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASD Dispute Resolution proposes to amend Rule 10314 of the Code to provide default procedures for situations in which a suspended, terminated, or otherwise defunct member or associated person (collectively referred to in this rule filing as “defunct”) fails to answer or participate in an arbitration proceeding, and the claimant nevertheless elects to pursue arbitration. The procedures are designed to make it easier for claimants to obtain an award against a defunct party, which award can then be enforced in court.

The United States General Accounting Office (“GAO”) issued a report in June 2000 expressing concern over the number of unpaid arbitration awards issued in connection with arbitration proceedings in the securities industry arbitration forums, and making several recommendations for improvements. The GAO Report observed that most of the unpaid awards resulted from broker/dealers that were no longer in business. In a letter to the GAO on May 25, 2000, the NASD committed to undertake several initiatives to address the issue of unpaid awards. The NASD Dispute Resolution believes that the proposed rule change will complete its implementation of all initiatives.

The GAO initiatives are listed below with a description as to the actions already taken. The last item is the proposed rule change.

Require member firms and associated persons to notify NASD Dispute Resolution when they have satisfied an award.

NASD Dispute Resolution issued Notice to Members 00–55, effective September 18, 2000, which requires members to certify that they have paid or otherwise complied with an award against them or their associated persons within 30 days after service of the award. Beginning September 18, 2000, NASD Dispute Resolution has been sending two new letters when awards are served. One letter is sent only to members and associated persons against whom an award has been rendered. It requires members to inform NASD Dispute Resolution whether they or their associated persons have paid awards against them. Associated persons who have changed members since the complaint was filed are required to notify NASD Dispute Resolution directly.

NASD Dispute Resolution begins the suspension process if the 30-day period has passed and there has been no notice that the member or associated person has paid the award.

Request in the award service letter that claimants notify NASD Dispute Resolution if the award has not been paid within an established number of days of service.

Notice to Members 00–55 also invites claimants to inform NASD Dispute Resolution if the award has not been paid within an established number of days of service.
Resolution if their awards against members or associated persons have not been paid, so that the non-summary suspension process can begin. The second letter implemented on September 18, 2000 is sent to all parties with service of their award. It restates the requirement to pay awards within 30 days of service, and requests parties who have prevailed against a member or associated person to inform NASD Dispute Resolution if their award has not been paid.

Propose to the NASD Board and to the Commission a rule amendment that a firm that has been terminated, suspended, or barred from the NASD, or that is otherwise defunct, cannot enforce a predispute arbitration agreement against a customer in the NASD forum.

The Boards of NASD Dispute Resolution and the NASD approved this proposal at their meetings on December 6 and 7, 2000. The Commission approved the rule change on April 6, 2001. Notice to Members 01–29, announcing the Commission’s approval, was published on May 10, 2001, and the rule change was effective for all claims served on or after June 11, 2001. Advise claimants in writing of the status of a firm or associated person (e.g., terminated, out of business, bankrupt) so they can evaluate whether to continue with arbitration.

This procedure was implemented on June 11, 2001, in connection with the previous item.

Propose to the NASD Board and to the Commission a rule amendment to provide streamlined default proceedings when the terminated or defunct member or associated person does not answer or appear, but the claimant affirmatively elects to pursue arbitration.

This is the present proposed rule change. It would provide an expedited default procedure for certain cases in which a respondent is an associated person whose registration is terminated, revoked, or suspended; a member whose membership has been terminated, suspended, canceled, or revoked; a member that has been expelled from the NASD; or a member that is otherwise defunct. If a defunct respondent fails to answer the claim in a timely manner, the claimant may elect to proceed under optional default procedures as to that respondent. If there are several claimants, all must agree to use default procedures. The default procedures may be used against one or more defunct respondents while the rest of the initial arbitration proceeds against any remaining respondents. If the claimant opts to use default procedures, the case will proceed with a single arbitrator without a hearing. Under the default procedures, the arbitrator will make an award based upon the Statement of Claim and any other material submitted by the claimant. The arbitrator may request additional information from the claimant before rendering an award. In keeping with the streamlined nature of the procedures, neither the claimant nor the single arbitrator will have the option to ask that two additional arbitrators be appointed to decide the case (as is sometimes done in other single-arbitrator cases).

The procedures have several provisions to safeguard the integrity of the process and discourage abuses:

- The claimant may not amend the claim to increase the relief requested after the staff has notified the parties that the claim will proceed under default procedures.
- An arbitrator may not make an award based solely on the non-appearance of a party. The party who appears must present a sufficient basis to support the making of an award in that party’s favor.
- The arbitrator may not award damages in an amount greater than the damages requested in the Statement of Claim, and may not award any other relief that was not requested in the Statement of Claim.

The proposed rule provides, however, that the default award will have no effect on the non-defaulting parties. The proposed rule would apply to all types of claimants, whether they are customers, associated persons, or member firm claimants, that are bringing a claim against a suspended or terminated member or associated person. In line with the GAO’s recommendations, the proposal is designed to make it easier to obtain an award against any defunct member or associated person.

Finally, if a respondent thought to be defunct belatedly files an answer or otherwise begins to participate after the staff has notified the parties that the claim will proceed under default procedures but before an award has been rendered, the default procedures will be suspended, and the case will proceed under the regular procedures.

2 Statutory Basis

NASD Dispute Resolution believes that the proposed rule change is consistent with Section 15A(b)(6) of the Act[8] which requires, among other things, that the Association’s rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. NASD Dispute Resolution believes that the proposed rule change will protect investors and the public interest by making it faster and less expensive for investors and other claimants to obtain awards against defunct members and associated persons, which awards can then be enforced in court and through the NASD suspension process, while containing several provisions to safeguard the integrity of the process and discourage abuses.

B. Self-Regulatory Organization’s Statement on Burden on Competition

NASD Dispute Resolution does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the Federal Register or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the NASD Dispute Resolution consents, the Commission will:

(A) by order approve such proposed rule change, or
(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the

---

[8] If a case is to be bifurcated and handled under two different procedures, regular and default, each proceeding will be assigned a separate case number to avoid confusion. Proposed NASD Rule 10314(e) provides that the default award will have no effect on any non-defaulting party.

Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549–0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission’s Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the NASD. All submissions should refer to File No. SR–NASD–2002–15 and should be submitted by May 22, 2002.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.10
Margaret H. McFarland, Deputy Secretary.

BILLING CODE 8010–01–P

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change by the National Association of Securities Dealers, Inc. Relating to the Minimum Life of Directed Orders in Nasdaq’s SuperMontage System and the Minimum Life of SelectNet Orders

April 24, 2002.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)1 and Rule 19b–4 thereunder,2 notice is hereby given that on April 18, 2002, the National Association of Securities Dealers, Inc. (“NASD” or “Association”), through its subsidiary, the Nasdaq Stock Market, Inc. (“Nasdaq”), filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by Nasdaq. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The NASD proposes to: (1) establish a minimum life of five seconds for Directed Orders in Nasdaq’s future Order Display and Collector Facility (“NNMS” or “SuperMontage”), and (2) reduce from ten seconds to five seconds the minimum time period before an order entered into Nasdaq’s SelectNet system may be cancelled by the entering party. If approved, Nasdaq will implement both rule changes on July 1, 2002.

Proposed new language is italicized; proposed deletions are in brackets.

* * * * *

4706. Order Entry Parameters

(a) No Change.

(b) Directed Orders: A participant may enter a Directed Order into the NNMS to access a specific Attributable Quote/Order displayed in the Nasdaq Quotation Montage, subject to the following conditions and requirements:

(1) through (3) No Change.

(4) a Directed Order entered into the system may not be cancelled until a minimum of five seconds has elapsed after the time of entry. This five second time period shall be measured by NNMS.

* * * * *

4720. SelectNet Service

(a) Cancellation of a SelectNet Order

No member shall cancel or attempt to cancel an order, whether preferred to a specific market maker or electronic communications network, or broadcast to all available members, until a minimum time period of [ten] five seconds has expired after the order to be canceled was entered. Such [ten] five second time period, shall be measured by the Nasdaq processing system processing the SelectNet order.

(b) through (c) No Change.

* * * * *

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

As part of its ongoing analysis of its current and future trading systems, Nasdaq continuously reviews system functionality and rules with a view to constant improvement. As a result of this review, and in consultation with industry professionals, Nasdaq has determined to: (1) establish a five-second minimum life for Directed Orders in SuperMontage, and (2) reduce from ten seconds to five seconds the minimum time period before an order entered into SelectNet may be cancelled by the entering party. Because the SuperMontage Directed Order Process will utilize an enhanced version of the current SelectNet system, Nasdaq is jointly proposing these rule changes because it believes that the rules must become effective simultaneously to ensure uniformity of minimum order life parameters across both systems during the phase-in period.3

a. Creation of Five-Second Minimum Life for Directed Orders in SuperMontage

Directed Orders are orders at any price that have been specifically dispatched to a particular market participant by the sender through the SuperMontage’s Directed Order Process. Recipients of Directed Orders have an option to elect to receive such orders as either liability orders with which they must interact consistent with the Commission’s Firm Quote Rule,4 or as non-liability orders that create no obligation to respond by the recipient under the Commission’s Firm Quote Rule, and instead may serve as the basis for negotiating a trade.

The minimum life of a Directed Order is the shortest period of time that a Directed Order must remain active and available for a response before an entering party may cancel it. Currently, there is no minimum life for Directed Orders in SuperMontage. Directed Orders may be cancelled immediately after entry, well before a recipient has

3 Nasdaq intends to introduce SuperMontage through a phased roll-out process where limited numbers of securities will transition to trading in the new SuperMontage environment under new rules, while the remainder will continue to trade in Nasdaq’s current environment. Nasdaq represents that, during this transition, both SuperMontage and SelectNet will continue to operate, and a single uniform minimum order cancellation time parameter will be needed governing both systems.

4 See Rule 11Ac1–1 under the Act, 17 CFR 240.11Ac1–1.
