Subject: PowerShares Preferred Portfolio

Background Information on the Fund

The PowerShares Exchange-Traded Fund Trust II (the “Trust”) is a management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”), consisting of several investment portfolios. This circular relates only to the PowerShares Preferred Portfolio (the “Fund”). The shares of the Fund are referred to herein as “Shares.” PowerShares Capital Management LLC (the “Adviser”) is the investment adviser to the Fund.

The Fund seeks investment results that correspond generally to the price and yield (before fees and expenses) of an index called the Merrill Lynch Fixed Rate Preferred Securities Index (the “ML Preferred Index”).

The ML Preferred Index is a market capitalization-weighted index designed to reflect the total return performance of the fixed rate U.S. dollar-denominated preferred securities market. The ML Preferred Index includes traditional preferred securities and other preferred securities, including preferred securities issued by foreign companies in the form of American Depositary Shares (“ADS”). Most of the preferred securities included in the ML Preferred Index are traded on national securities exchanges, however, a small percentage are traded in the over-the-counter market. The ML Preferred Index may include privately placed securities traded amongst qualified institutional buyers (“Rule 144A” securities). However, at present, Rule 144A securities represent less than 2% of the ML Preferred Index. Securities will be selected by Merrill Lynch, Pierce, Fenner & Smith, Incorporated. As of August 31, 2007, the ML Preferred Index included 303 securities.

The Fund will normally invest at least 80% of its total assets in fixed rate U.S. dollar-denominated preferred securities. The Fund will normally invest at least 90% of its total assets in the securities that comprise the ML Preferred Index. The Adviser will seek to match the performance of the ML Preferred Index. The Fund’s investment objective and 80% investment policy noted above are non-fundamental and require 60 days’ prior written notice to shareholders before they can be changed.

The ML Preferred Index is adjusted monthly and the Fund, using an “indexing” investment approach, attempts to replicate, before fees and expenses, the performance
of the ML Preferred Index. The Adviser seeks correlation over time of 0.95 or better between the Fund’s performance and the performance of the ML Preferred Index; a figure of 1.00 would represent perfect correlation. The Fund generally will invest in the securities comprising the ML Preferred Index in proportion to their weightings in the ML Preferred Index. However, under various circumstances, it may not be possible or practicable to purchase all of those securities in those weightings. In those circumstances, the Fund may purchase a sample of securities in the ML Preferred Index as a whole. There may also be instances in which the Adviser may choose to overweight another security in the ML Preferred Index, purchase securities not in the ML Preferred Index which the Adviser believes are appropriate to substitute for certain securities in the ML Preferred Index or utilize various combinations of other available investment techniques, in seeking to track the MLPreferred Index. The Fund may sell securities that are represented in the ML Preferred Index in anticipation of their removal from the ML Preferred Index, or purchase securities not represented in the ML Preferred Index in anticipation of their addition to the ML Preferred Index.

As described more fully in the Trust’s prospectus and Statement of Additional Information, the Fund will issue and redeem Shares on a continuous basis at their net asset value ("NAV") only in large blocks of 100,000 Shares (each, a “Creation Unit”). Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

Ordinarily, dividends from net investment income, if any, are declared and paid monthly. The Fund distributes its net realized capital gains, if any, to shareholders annually. Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or “ET”) of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund’s Shares. For a more complete description of the Fund and the underlying Index, visit the Fund’s website at www.powershares.com.

**Principal Risks**

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing the Fund’s performance to not match the performance of the underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, foreign securities risk, preferred securities risk, and small and medium-sized company risk.

**Exchange Rules Applicable to Trading in the Shares**

Trading in the Shares on ISE is subject to ISE equity trading rules.

The Shares will trade on ISE between 9:00 a.m. and 4:00 p.m. Eastern Time.

**Trading Halts**

ISE will halt trading in the Shares of a Trust in accordance with ISE Rule 2101(a)(2)(iii). The grounds for a halt under this Rule include a halt by the primary market because it stops trading the Shares and/or a halt because dissemination of the IIV or applicable currency spot price has ceased, or a halt for other regulatory reasons. In addition, ISE will stop trading the Shares of a Trust if the primary market de-lists the Shares.

**Delivery of a Prospectus**

Consistent with the requirements of the Securities Exchange Act of 1934 (the “Act”) and the rules thereunder, investors purchasing Shares directly from the Fund must receive a prospectus. In addition, ISE Equity EAMs are required to deliver a prospectus to all purchasers of newly-issued Shares. ISE Equity EAMs purchasing Shares from the Fund for resale to investors will deliver a prospectus to such investors.

Prospectuses may be obtained through the Funds’ website at [www.powershares.com](http://www.powershares.com). The prospectus for a Fund does not contain all of the information set forth in the Fund’s registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the Securities and Exchange Commission (“SEC”). For further information about a Fund, please refer to its registration statement.

**Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Act regarding trading in the Shares.
Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;

2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);

3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.
SEC Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or

2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and

3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of the Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of the Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.
SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
