The ELKS based upon the common stock of General Electric have a maturity of approximately thirteen months and are issued by Citigroup Funding Inc. The ELKS will pay a semi-annual coupon equal to approximately 11% per annum. As described in the prospectus, at maturity, investors will receive for each $10 ELKS: (1) a fixed number of shares of the Underlying Equity (or, at the option of the investor, the cash equivalent thereof), equal to the exchange ratio if the underlying equity trades at a price equal to or below $9.94 (70.00% of the Initial Equity Price) at any time during the term of the ELKS, or (2) $10 in cash.

The ELKS are subject to the credit risk of Citigroup Inc., Citigroup Funding’s parent company and the guarantor of any payments due on the ELKS.

The issuer of the Underlying Equity is not involved in the offering of the ELKS and has no obligations relating to the ELKS. Holders of the ELKS will not be entitled to any rights with respect to General Electric’s common stock (including, without limitation, voting rights or rights to receive dividends or other distributions in respect thereof) prior to receiving shares of common stock at maturity, if applicable.

The ELKS are a series of unsecured senior debt securities issued by Citigroup Funding. Any payments due on the ELKS are fully and unconditionally guaranteed by Citigroup Inc., Citigroup Funding’s parent company. The ELKS will rank equally with all other unsecured and unsubordinated debt of Citigroup Funding and any payments due under the ELKS will rank equally with all other unsecured and unsubordinated debt of Citigroup Inc. The return of the principal amount of an investor’s investment in the ELKS at maturity is not guaranteed.
Citigroup Investment Research or other affiliates of Citigroup Funding may publish research reports or otherwise express opinions or provide recommendations from time to time regarding General Electric’s common stock or other matters that may influence the price of General Electric’s common stock and, therefore, the value of the ELKS. Any research, opinion or recommendation expressed by Citigroup Investment Research or other Citigroup Funding affiliates may not be consistent with purchasing, holding or selling the ELKS. Other factors, many of which are beyond the issuer’s control, will also influence the value of the ELKS. One can expect that generally the market price of the underlying common stock shares on any day will affect the value of the ELKS more than any other single factor. Other factors that may influence the value of the ELKS include: supply and demand for the ELKS, volatility of the underlying stock, interest rates, economic, financial, political and regulatory or judicial events. In addition, the time remaining to maturity and the credit worthiness of Citigroup Funding Inc. may influence the pricing of the ELKS.
