PHLX XL™ is the new electronic options trading system from the Philadelphia Stock Exchange (PHLX) that maximizes liquidity, encourages price competition and rapidly executes orders of all sizes. PHLX XL combines the best attributes of electronic and floor-based trading enhancing the PHLX’s position as the most versatile options trading marketplace.

In February 2005, The Philadelphia Stock Exchange established remote market making for options trading at the Exchange. Firms are now able to electronically make markets in every option class traded at the Exchange, with no physical presence on the floor required.

PHLX XL enhances the Exchange’s commitment to improved electronic access for customers, broker dealers and market makers while fixing the cost of access well below that of competing exchanges. Remote market making represents the latest phase of PHLX XL, which first debuted with Book Match/Book Sweep in 2003, followed by the rollout of streaming quotes for on-floor participants in the summer of 2004.

Directed Order Flow represents the latest functionality of PHLX XL, the Exchange’s new electronic trading platform. The PHLX XL Directed Order Flow model allows order-flow providing firms of all types to send customer orders to designated specialists, market makers, and remote streaming quote participants. Participants can interact with a directed order when their disseminated price represents the National Best Bid or Offer (NBBO). Under the plan, the specialist or market maker who receives the directed order may interact with 40% or more of the trade, if the firm is making a market in that option, their quote is representative of the NBBO, and their quoted size is equal to or larger than 40% of the incoming order. The remaining 60% of the order will then be allocated based on the Exchange’s PHLX XL trade allocation algorithm.

(b)(i) An application for assignment in Streaming Quote Options shall be submitted in writing to the Exchange's designated staff and shall include, at a minimum, the name of the SQT or RSQT applicant and written verification from the Exchange's Membership Services Department that such SQT or RSQT applicant is qualified as a Registered Options Trader.

(ii) No application for assignment in Streaming Quote Options shall be approved by the Committee without written certification signed by an officer (Vice President or above) of the Exchange's Financial Automation Department indicating that (A) the SQT or RSQT applicant has sufficient technological ability to support his/her continuous quoting requirements as set forth in Rule 1014(b)(ii), and (B) the SQT or RSQT applicant has successfully completed, or is scheduled to complete, testing of its quoting system with the Exchange.

However, based on system constraints, capacity restrictions or other factors relevant to the maintenance of a fair and orderly market, the Board may defer, for a period to be determined in the Board's discretion, approval of qualifying applications for SQT or RSQT status pending any action required to address the issue of concern to the Board. The Board may not defer a determination of the approval of the application of any SQT or RSQT applicant or place any limitation(s) on access to Phlx XL on any SQT or RSQT applicant unless the basis for such limitation(s) or deferral have been objectively determined by the Board, subject to Securities and Exchange Commission approval or effectiveness pursuant to a rule change filing under Section 19(b) of the Securities Exchange Act of 1934, as amended. The Committee shall provide written notification to any SQT or RSQT applicant whose application is the subject of such limitation(s) or deferral, describing the objective basis for such limitation(s) or deferral.

(B) In addition to the above requirements, an RSQT applicant must demonstrate to the Committee that it has:

(1) Significant market-making and/or specialist experience in a broad array of securities;

(2) Superior resources, including capital, technology and personnel;
(3) Demonstrated history of stability, superior electronic capacity, and superior operational capacity;

(4) Proven ability to interact with order flow in all types of markets;

(5) Existence of order flow commitments;

(6) Willingness to accept allocations as an RSQT in options overlying 400 or more securities; and

(7) Willingness and ability to make competitive markets on the Phlx and otherwise to promote the Phlx in a manner that is likely to enhance the ability of the Phlx to compete successfully for order flow in the options it trades.

c) The Committee shall hold allocation meetings as appropriate. The Exchange's designated staff shall provide Committee members data on the Streaming Quote Option to be assigned, including the number of series in the Streaming Quote Option currently quoted on the Exchange and the number of contracts representing open interest in the Streaming Quote Option, copies of the applications, and any other information that the Committee may deem to be relevant. Applicants may make and the Committee may request personal appearances.

d) Decisions concerning applications for assignment in Streaming Quote Options shall be in writing and shall be distributed to all floor members.

e) If an SQT or RSQT seeks to withdraw from acting as such in a Streaming Quote Option, it should so notify the Committee at least three business days prior to the desired effective date of such withdrawal.

f) During the first six months of the Exchange's program to allow SQTs and RSQTs to submit electronic option quotations, an SQT or RSQT applicant member or member organization that has, for at least the immediately preceding twelve months: (i) been a member of the Exchange; and (ii) maintained a continuous presence as an ROT in the trading crowd associated with the Streaming Quote Option(s) that are the subject of the application, shall be guaranteed an assignment in the Streaming Quote Option, provided that such member organization has satisfied the requirements set forth in paragraph (b)(ii) of this Rule 507. SQT and RSQT applicants that have been granted trading privileges in Streaming Quote Options pursuant to this Rule 507(f) shall not be required to re-apply for such privileges after the initial six-month period.

(g) An appeal to the Board of Governors from a decision of the Committee may be taken by a member or member organization interested therein by filing with the Secretary of the Exchange written notice of appeal within ten (10) days after the decision has been rendered, in accordance with Exchange By-Law Article XI, Section 11-1.
