

Information Circular: United States Commodity Index Fund

To: Head Traders, Technical Contacts, Compliance Officers, Heads of ETF Trading, Structured Products Traders

From: PHLX Listing Qualifications Department

Exchange-Traded Fund	Symbol	CUSIP #
United States Commodity Index Fund	USCI	911717106

Background Information on the Trust

As more fully explained in the Registration Statement (No. 333-164024), the United States Commodity Index Fund (the "Fund" or "USCI"), is a commodity pool that is not registered as an investment company under the Investment Company Act of 1940. Each Unit of the Fund (the "Unit" or "Units" or "Shares") represents a fractional undivided beneficial interest in the net assets of the Fund. USCI is not a mutual fund registered under the Investment Company Act of 1940 and is not subject to regulation under such Act.

The Fund is a commodity pool that will issue Units that may be purchased and sold on the NYSE Arca. USCI is a series of the United States Commodity Index Funds Trust ("Trust"), a Delaware statutory trust organized on December 21, 2009. Additional series of the Trust that will be separate commodity pools may be created in the future, but USCI is currently the Trust's only series. The Trust and USCI operate pursuant to the Trust's Amended and Restated Declaration of Trust and Trust Agreement (the "Trust Agreement"), dated April 1, 2010. Wilmington Trust Company, a Delaware banking corporation, is the Delaware trustee of the Trust. USCI and the Trust are managed and controlled by United States Commodity Funds LLC (the "Sponsor"). The Sponsor is a limited liability company formed in Delaware on May 10, 2005, that is registered as a commodity pool operator ("CPO") with the Commodity Futures Trading Commission ("CFTC") and is a member of the National Futures Association ("NFA"). USCI's trading advisor is SummerHaven Investment Management, LLC ("SummerHaven"), a Delaware limited liability company that is registered as a commodity trading advisor ("CTA") and CPO with the CFTC and is a member of the NFA. SummerHaven provides advisory services to the Sponsor with respect to the Index and the investment decisions of USCI. The Sponsor, SummerHaven Index Management, LLC, SummerHaven, and Bloomberg, L.P. are not affiliated with a broker-dealer and are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Index or USCI's portfolio.

It is anticipated that the net assets of USCI will consist primarily of investments in futures contracts for commodities that are traded on the New York Mercantile Exchange

("NYMEX"), ICE Futures ("ICE Futures"), Chicago Board of Trade ("CBOT"), Chicago Mercantile Exchange ("CME"), London Metal Exchange ("LME"), Commodity Exchange, Inc. ("COMEX") or on other foreign exchanges (such exchanges, collectively, the "Futures Exchanges") (such futures contracts, collectively, "Futures Contracts") and, to a lesser extent, in order to comply with regulatory requirements or in view of market conditions, other commodity-based contracts and instruments such as cash-settled options on Futures Contracts, forward contracts relating to commodities, cleared swap contracts and other over-the-counter transactions that are based on the price of commodities and Futures Contracts (collectively, "Other Commodity-Related Investments"). Market conditions that the Sponsor currently anticipates could cause USCI to invest in Other Commodity Related Investments would be those allowing USCI to obtain greater liquidity or to execute transactions with more favorable pricing. Futures Contracts and Other Commodity-Related Investments collectively are referred to as "Commodity Interests" in this prospectus. The Sponsor expects to manage USCI's investments directly, using the trading advisory services of SummerHaven for guidance with respect to the Index and the Sponsor's selection of investments on behalf of USCI. The Sponsor is also authorized to select futures commission merchants to execute USCI's transactions in Futures Contracts and Other Commodity-Related Investments.

The investment objective of USCI is for the daily changes in percentage terms of its Units' net asset value ("NAV") to reflect the daily changes in percentage terms of the Index, less USCI's expenses. The Index is comprised of 14 Futures Contracts that will be selected on a monthly basis from a list of 27 possible Futures Contracts. The Futures Contracts that at any given time make up the Index are referred to herein as "Benchmark Component Futures Contracts." USCI anticipates that to meet its investment objective it will invest first, in the current Benchmark Component Futures Contracts and other Futures Contracts intended to replicate the return on the current Benchmark Component Futures Contracts and, thereafter, to comply with regulatory requirements or in view of market conditions, in Other Commodity-Related Investments intended to replicate the return on the Benchmark Component Futures Contracts, including cleared swap contracts and other over-the-counter transactions, and in other Futures Contracts. For more information on the composition of the Index and selection of the Benchmark Component Futures Contracts, see the section of this prospectus entitled "What is the Index?"

USCI seeks to achieve its investment objective by investing in Futures Contracts and Other Commodity-Related Investments such that daily changes in USCI's NAV will closely track the daily changes in the Index. USCI's positions in Commodity Interests will be rebalanced on a monthly basis in order to track the changing nature of the Index. If Futures Contracts relating to a particular commodity remain in the Index from one month to the next, such Futures Contracts will be rebalanced to the 7.14% target weight, as described below. Specifically, on a specified day near the end of each month called the Selection Date, it will be determined if a current Benchmark Component Futures Contract will be replaced by a new Futures Contract in either the same or different underlying commodity as a Benchmark Component Futures Contract for the following month, in which case USCI's investments would have to be changed accordingly. In order that USCI's trading does not unduly cause extraordinary market movements, and to make it more difficult for third parties to profit by trading based on market movements that could be expected from changes in the Benchmark Component Futures Contracts, USCI's investments typically will not be rebalanced entirely on a single day, but rather will typically be rebalanced over a period of four days. After fulfilling the margin and collateral requirements with respect to its Commodity Interests, the Sponsor will invest the remainder of USCI's proceeds from the sale of baskets in short-term obligations of

the United States government (“Treasury Securities” or “Treasuries”) or cash equivalents, and/or merely hold such assets in cash (generally in interest-bearing accounts).

The Sponsor endeavors to place USCI’s trades in Commodity Interests and otherwise manage USCI’s investments so that A will be within plus/minus 10 percent of B, where:

- A is the average daily percentage change in USCI’s NAV for any period of 30 successive valuation days, i.e., any NYSE Arca trading day as of which USCI calculates its NAV, and
- B is the average daily percentage change in the Index over the same period.

The Sponsor believes that market arbitrage opportunities will cause USCI’s Unit price on the NYSE Arca to closely track USCI’s NAV per Unit. The Sponsor believes that the net effect of this expected relationship and the expected relationship described above between USCI’s NAV and the Index will be that the changes in the price of USCI’s Units on the NYSE Arca will closely track, in percentage terms, changes in the Index, less USCI’s expenses.

USCI will invest in Commodity Interests to the fullest extent possible without being leveraged or unable to satisfy its expected current or potential margin or collateral obligations with respect to its investments in Commodity Interests. The primary focus of the Sponsor is the investment in Commodity Interests and the management of USCI’s investments in Treasury Securities, cash and/or cash equivalents.

The Sponsor will employ a “neutral” investment strategy intended to track the changes in the Index regardless of whether the Index goes up or goes down. USCI’s “neutral” investment strategy is designed to permit investors generally to purchase and sell USCI’s Units for the purpose of investing indirectly in the commodities market in a cost-effective manner, and/or to permit participants in the commodities or other industries to hedge the risk of losses in their commodity-related transactions. Accordingly, depending on the investment objective of an individual investor, the risks generally associated with investing in the commodities market and/or the risks involved in hedging may exist. In addition, an investment in USCI involves the risks that the changes in the price of USCI’s Units will not accurately track the changes in the Index, and that changes in the Index will not closely correlate with changes in the spot prices of the commodities underlying the Index. Furthermore, USCI also invests in short-term Treasury Securities, cash and/or cash equivalents to meet its current or potential margin or collateral requirements with respect to its investments in Commodity Interests and to invest cash not required to be used as margin or collateral. USCI does not expect there to be any meaningful correlation between the performance of USCI’s investments in Treasury Securities/cash/cash equivalents and the changes in the price of the Index or Commodity Interests. While the level of interest earned on or the market price of these investments may in some respect correlate to changes in the price of the Index, this correlation is not anticipated as part of USCI’s efforts to meet its objective. This and certain risk factors discussed in this prospectus may cause a lack of correlation between changes in USCI’s NAV and changes in the price of the Index. The Sponsor does not intend to operate USCI in a fashion such that its per Unit NAV will equal, in dollar terms, the spot prices of the commodities comprising the Index or the prices of any particular group of Futures Contracts.

USCI creates and redeems Units only in blocks of 100,000 Units called Creation Baskets and Redemption Baskets, respectively. Only Authorized Purchasers may purchase or

redeem Creation Baskets or Redemption Baskets. An Authorized Purchaser is under no obligation to create or redeem baskets, and an Authorized Purchaser is under no obligation to offer to the public Units of any baskets it does create. Baskets are generally created when there is a demand for Units, including, but not limited to, when the market price per Unit is at a premium to the NAV per Unit. Authorized Purchasers will then sell such Units, which will be listed on the NYSE Arca, to the public at per Unit offering prices that are expected to reflect, among other factors, the trading price of the Units on the NYSE Arca, the NAV of USCI at the time the Authorized Purchaser purchased the Creation Baskets and the NAV at the time of the offer of the Units to the public, the supply of and demand for Units at the time of sale, and the liquidity of the Futures Contracts market and the market for Other Commodity-Related Investments. The prices of Units offered by Authorized Purchasers are expected to fall between USCI's NAV and the trading price of the Units on the NYSE Arca at the time of sale. Similarly, baskets are generally redeemed when the market price per Unit is at a discount to the NAV per Unit. Retail investors seeking to purchase or sell Units on any day will effect such transactions in the secondary market, on the NYSE Arca, at the market price per Unit, rather than in connection with the creation or redemption of baskets.

All proceeds from the sale of Creation Baskets will be invested as quickly as practicable in the investments described in this prospectus. Investments and related margin or collateral are held through USCI's custodian, Brown Brothers Harriman & Co. ("Custodian"), in accounts with USCI's commodity futures brokers or, in some instances when agreed to by USCI, in collateral accounts held by third parties with respect to its non-exchange traded or cleared over-the-counter Commodity Interests. There is no stated maximum time period for USCI's operations and USCI will continue until all Units are redeemed or USCI is liquidated pursuant to the terms of the Trust Agreement.

There is no specified limit on the maximum amount of Creation Baskets that can be sold. At some point, position limits on Futures Contracts or Other Commodity-Related Investments may practically limit the number of Creation Baskets that will be sold if the Sponsor determines that the other investment alternatives available to USCI at that time will not enable it to meet its stated investment objective.

Units may also be purchased and sold by individuals and entities that are not Authorized Purchasers in smaller increments than Creation Baskets on the NYSE Arca. However, these transactions are effected at bid and ask prices established by specialist firm(s). Like any listed security, Units of USCI can be purchased and sold at any time a secondary market is open.

Other than to address monthly changes in the Benchmark Component Futures Contracts, in managing USCI's assets, the Sponsor does not use a technical trading system that automatically issues buy and sell orders. Instead, each time one or more baskets are purchased or redeemed, the Sponsor will purchase or sell Commodity Interests with an aggregate market value that approximates the amount of cash received or paid upon the purchase or redemption of the basket(s).

Note to Secondary Market Investors: The Units can be directly purchased from or redeemed by USCI only in Creation Baskets or Redemption Baskets, respectively, and only by Authorized Purchasers. Each Creation Basket and Redemption Basket consists of 100,000 Units and is expected to be worth millions of dollars. Individual investors, therefore, will not be able to directly purchase Units from or redeem Units with USCI. Some of the information contained in this prospectus, including information about buying and redeeming Units directly from and to USCI is only relevant to Authorized Purchasers.

Units will be listed and traded on the NYSE Arca under the ticker symbol "USCI" and may be purchased and sold as individual Units. Individuals interested in purchasing Units in the secondary market should contact their broker. Units purchased or sold through a broker may be subject to commissions.

The Fund will pay the Sponsor a management fee of 0.95% of NAV on its average net assets. Brokerage fees are estimated to be 0.19% and will be paid to unaffiliated brokers.

Individual certificates will not be issued for the Units. Instead, Units will be represented by one or more global certificates, which will be deposited by the Administrator with the Depository Trust Company ("DTC") and registered in the name of Cede & Co., as nominee for DTC.

The NAV will be calculated by taking the current market value of USCI's total assets and subtracting any liabilities. Under USCI's current operational procedures, the Administrator will calculate the NAV of USCI's Units once each NYSE Arca trading day. The NAV for a particular trading day is released after 4:00 p.m. New York time. Trading during the core trading session of the NYSE Arca typically closes at 4:00 p.m. New York time. NYSE Arca will calculate an approximate net asset value every 15 seconds throughout each day that USCI's Units are traded on the NYSE Arca for as long as the main pricing mechanisms are open for the Futures Exchanges upon which the Benchmark Component Futures Contracts are traded.

For more information regarding the Fund's investment strategy, please read the prospectus for the Fund.

The listing exchange, NYSE Arca, will calculate and disseminate to the consolidated tape an indicative per share value for the Shares every 15 seconds.

The registration statement describes the various fees and expenses for the Fund and its Units. For a more complete description of the Fund, visit the Fund's website at www.unitedstatescommodityindexfund.com.

Indicative Fund Value

In order to provide updated information relating to USCI for use by investors and market professionals, the NYSE Arca will calculate and disseminate throughout the core trading session on each trading day an updated indicative fund value. The indicative fund value will be calculated by using the prior day's closing NAV per unit of USCI as a base and updating that value throughout the trading day to reflect changes in the most recently reported price level of the Index as reported by Bloomberg or other reporting service.

The indicative fund value unit basis disseminated during NYSE Arca core trading session hours should not be viewed as an actual real time update of the NAV, because NAV is calculated only once at the end of each trading day based upon the relevant end of day values of USCI's investments.

The indicative fund value will be disseminated on a per unit basis every 15 seconds during regular NYSE Arca core trading session hours of 9:30 a.m. New York time to 4:00 p.m. New York time. The normal trading hours of the Futures Exchanges vary, with some Futures Exchanges ending their trading hours before the close of the core trading session on NYSE Arca (for example, the normal trading hours of the NYMEX are 10:00 a.m. New York time to 2:30 p.m. New York time). When USCI holds Benchmark Component Futures Contracts from Futures Exchanges with different trading hours than the NYSE Arca there will be a gap in time at the beginning and/or the end of each day during which USCI's units will be traded on the NYSE Arca, but real-time Futures Exchange trading prices for Benchmark Component Futures Contracts traded on such Futures Exchanges will not be available. As a result, during those gaps there will be no update to the indicative fund value.

The NYSE Arca will disseminate the indicative fund value through the facilities of CTA/CQ High Speed Lines. In addition, the indicative fund value will be published on the NYSE Arca's website and will be available through on-line information services such as Bloomberg and Reuters.

Purchases and Redemptions in Creation Unit Size

PHLX members and member organizations are hereby informed that procedures for purchases and redemptions of Shares in Creation Unit Size are described in the Trust's prospectus and SAI, and that Shares are not individually redeemable but are redeemable only in Creation Unit Size aggregations or multiples thereof.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Trust of the principal risks of an investment in the Shares. These include tracking error risk (factors causing the Trust's performance to not match the performance of its underlying security), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, commodity risk, management risk and liquidity risk.

Exchange Rules Applicable to Trading in the Shares

Trading of the Shares on PHLX's PSX system is on a UTP basis and is subject to PHLX rules.

Trading Hours

The values of each index underlying the Shares are disseminated to data vendors every 15 seconds. The Shares will trade on PSX between 9:00 a.m. and 5:00 p.m. ET. For trading during PSX's Pre-Market and Post-Market Sessions, market participants should note that additional risks may exist with respect to trading the Funds during these sessions, when the underlying index's values, intraday indicative value, or similar value may not be disseminated or calculated.

Dissemination of Data

The Consolidated Tape Association will disseminate real time trade and quote information for the Shares to Tape B.

Name	Listing Market	Trading Symbol	IOPV Symbol	NAV Symbol
United States Commodity Index Fund	NYSE Arca	USCI	USCI.IV	USCI.NV

Suitability

Members and member organizations recommending transactions in the Shares to customers should make a determination that the recommendation is suitable for the customer, as provided by PHLX Rule 763.

PHLX members and member organizations also should review NASD Notice to Members 03-71 for guidance on trading these products. The Notice reminds broker-dealers of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

Trading Halts

PHLX will halt trading in the Shares of a Fund in accordance with PHLX Rule 3100. The grounds for a halt under these rules include a halt by the primary market because the intraday indicative value of the Fund, the value of its underlying index, or a similar value are not being disseminated as required, or a halt for other regulatory reasons. In addition, PHLX will also stop trading the Shares of a Fund if the primary market de-lists the Fund.

Delivery of a Prospectus

PHLX members and member organizations should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Funds.

Prospectuses may be obtained through the Funds' website. The prospectus for the Funds does not contain all of the information set forth in the Funds' registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the Securities and Exchange Commission ("SEC"). For further information about the Funds, please refer to the registration statement.

In the event that the Funds rely upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, PHLX Rule 803(o) requires that PHLX members and member organizations provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust for the Funds, no later than the time a confirmation of the first transaction in the

Shares is delivered to such purchaser. In addition, PHLX members and member organizations shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a PHLX member or member organization to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of the Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund."

A PHLX member or member organization carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to PHLX members and member organizations under this rule.

Upon request of a customer, PHLX members and member organizations also shall provide a copy of the prospectus.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange-traded Shares.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)

Broker-dealers who handle purchases or redemptions of Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to a Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Trust for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of a Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of a Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of a Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of a Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
