

## INFORMATION CIRCULAR: FQF TRUST

---

**TO:** Head Traders, Technical Contacts, Compliance Officers, Heads of ETF Trading, Structured Products Traders

**FROM:** NASDAQ / BX / PHLX Listing Qualifications Department

**DATE:** August 25, 2015

---

### EXCHANGE-TRADED FUND

	SYMBOL	CUSIP #
O'Shares FTSE Europe Quality Dividend Hedged ETF	OEUH	351680830
O'Shares FTSE Asia Pacific Quality Dividend Hedged ETF	OAPH	351680814

### BACKGROUND INFORMATION ON THE FUNDS

The FQF Trust (the "Trust") is a management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"), consisting of several investment portfolios. This circular relates only to the Funds listed above (each, a "Fund" and together, the "Funds"). The shares of the Fund are referred to herein as "Shares." FFCM LLC (the "Adviser") is the investment adviser to the Funds.

#### **O'Shares FTSE Europe Quality Dividend Hedged ETF**

The O'Shares FTSE Europe Quality Dividend Hedged ETF (OEUH) seeks to track the performance (before fees and expenses) of its target index, the Europe Qual / Vol / Yield Factor 5% Capped Hedged 100% to USD Index (the "Europe Hedged Target Index").

Under normal market conditions, the Fund will invest at least 80% of its total assets in the components of the Europe Hedged Target Index ("80% policy"), including indirectly through the O'Shares FTSE Europe Quality Dividend ETF (the "Underlying Fund"). To the extent that the Europe Hedged Target Index concentrates (i.e., holds 25% or more of its total assets) in the securities of a particular industry or group of industries, the Fund is expected to concentrate to approximately the same extent.

The Europe Hedged Target Index is designed to measure the performance of publicly-listed large-capitalization and mid-capitalization dividend-paying issuers in Europe that meet certain market capitalization, liquidity, high quality, low volatility and dividend yield thresholds, as determined by FTSE-Russell (the "Index Provider"). The high quality and low volatility requirements are designed to reduce exposure to high dividend equities that have experienced large price declines, as may occur with some dividend investing strategies.

The constituents of the Europe Hedged Target Index are selected from the FTSE Developed Europe Index, comprised of 516 of the largest Developed Europe publicly-listed equities that had an average market capitalization of \$22 billion and minimum market capitalization of over approximately \$900 million as of June 23, 2015. The Index Provider selects and weights securities for the Europe Hedged Target Index based on a proprietary approach that combines the following three factors: 1) high quality, including measures of profitability, operating efficiency, earnings quality and leverage, 2) low volatility, and 3) high dividend yield for the twelve months preceding each annual reconstitution. Individual index constituent weights are capped at 5% at each quarterly rebalance to avoid overexposure to any single security and are tested for liquidity semi-annually. The Europe Hedged Target Index's investable universe includes real estate investment trusts ("REITs").

The Europe Hedged Target Index hedges against fluctuations in the relative value of foreign currencies in which the Europe Hedged Target Index's components are denominated against the U.S. dollar. Thus, it is designed to have higher returns than an equivalent index that does not hedge against a weakening of such foreign currencies relative to the U.S. dollar. Conversely, the Europe Hedged Target Index would be expected to have lower returns than an equivalent unhedged index when these foreign currencies are rising in value relative to the U.S. dollar. The Europe Hedged Target Index applies published one-month currency forward rates to the Europe Hedged Target Index's total foreign currency exposures to adjust the value of the foreign currencies against the U.S. dollar. The Fund intends to enter into forward currency contracts or futures contracts to effectuate the hedging strategy embedded in the Europe Hedged Target Index. Although the hedged nature of the Europe Hedged Target Index is designed to minimize the impact of currency fluctuations on returns, it does not eliminate the Fund's exposure to foreign currency fluctuations.

Currently, the Fund achieves its investment objective by investing a substantial portion of its assets in the Underlying Fund. The Underlying Fund employs a "passive management" or "rules based" investment approach that seeks to track the performance of its underlying index. The Underlying Fund expects to employ a representative sampling strategy in seeking to track the performance of its underlying index, which means it will typically invest in a portfolio of investments that collectively have an investment profile similar to its underlying index, rather than holding all of the investments in its underlying index.

The Fund may invest up to 20% of its net assets in investments not included in the Europe Hedged Target Index, but which the Adviser believes will help the Fund track the Europe Hedged Target Index. For example, there may be instances in which the Adviser may choose to purchase or sell investments including ETF and other investment company securities, derivatives, cash and cash equivalents as substitutes for one or more Europe Hedged Target Index components or in anticipation of changes in the Europe Hedged Target Index's components.

O'Shares Investments, Inc. is the sponsor of the Fund (the "Sponsor"). The Index Provider, in consultation with the Sponsor, developed the Europe Hedged Target Index methodology. The Index Provider is responsible for the ongoing maintenance, calculation and administration of the Europe Hedged Target Index.

## **O'Shares FTSE Asia Pacific Quality Dividend Hedged ETF**

The O'Shares FTSE Asia Pacific Quality Dividend Hedged ETF (OAPH) seeks to track the performance (before fees and expenses) of its target index, the Developed Asia Pacific Qual / Vol / Yield Factor 5% Capped Hedged 100% to USD Index (the "AP Hedged Target Index").

Under normal market conditions, the Fund will invest at least 80% of its total assets in the components of the AP Hedged Target Index ("80% policy"), including indirectly through the O'Shares FTSE Asia Pacific Quality Dividend ETF (the "Underlying Fund"). To the extent that the AP Hedged Target Index concentrates (i.e., holds 25% or more of its total assets) in the securities of a particular industry or group of industries, the Fund is expected to concentrate to approximately the same extent.

The AP Hedged Target Index is designed to measure the performance of publicly-listed large-capitalization and mid-capitalization dividend-paying issuers in the Asia-Pacific region that meet certain market capitalization, liquidity, high quality, low volatility and dividend yield thresholds, as determined by FTSE-Russell (the "Index Provider"). The high quality and low volatility requirements are designed to reduce exposure to high dividend equities that have experienced large price declines, as may occur with some dividend investing strategies.

The constituents of the AP Hedged Target Index are selected from the FTSE Developed Asia Pac Index, comprised of 833 of the largest Developed Asia Pacific publicly-listed equities that had an average market capitalization of \$9 billion and minimum market capitalization of over approximately \$500 million as of June 23, 2015. The Index Provider selects and weights securities for the AP Hedged Target Index based on a proprietary approach that combines the following three factors: 1) high quality, including measures of profitability, operating efficiency, earnings quality and leverage, 2) low volatility, and 3) high dividend yield for the twelve months preceding each annual reconstitution. Individual index constituent weights are capped at 5% at each quarterly rebalance to avoid overexposure to any single security and are tested for liquidity semi-annually. The AP Hedged Target Index's investable universe includes real estate investment trusts ("REITs").

The AP Hedged Target Index hedges against fluctuations in the relative value of foreign currencies in which the AP Hedged Target Index's components are denominated against the U.S. dollar. Thus, it is designed to have higher returns than an equivalent index that does not hedge against a weakening of such foreign currencies relative to the U.S. dollar. Conversely, the AP Hedged Target Index would be expected to have lower returns than an equivalent unhedged index when these foreign currencies are rising in value relative to the U.S. dollar. The AP Hedged Target Index applies published one-month currency forward rates to the AP Hedged Target Index's total foreign currency exposures to adjust the value of the foreign currencies against the U.S. dollar. The Fund intends to enter into forward currency contracts or futures contracts to effectuate the hedging strategy embedded in the AP Hedged Target Index. Although the hedged nature of the AP Hedged Target Index is designed to minimize the impact of currency fluctuations on returns, it does not eliminate the Fund's exposure to foreign currency fluctuations.

Currently, the Fund achieves its investment objective by investing a substantial portion of its assets in the Underlying Fund. The Underlying Fund employs a "passive management" or "rules based" investment approach that seeks to track the performance of its underlying index. The Underlying Fund expects to employ a representative sampling strategy in seeking to track the performance of its

underlying index, which means it will typically invest in a portfolio of investments that collectively have an investment profile similar to its underlying index, rather than holding all of the investments in its underlying index.

The Fund may invest up to 20% of its net assets in investments not included in the AP Hedged Target Index, but which the Adviser believes will help the Fund track the AP Hedged Target Index. For example, there may be instances in which the Adviser may choose to purchase or sell investments including ETF and other investment company securities, derivatives, cash and cash equivalents as substitutes for one or more AP Hedged Target Index components or in anticipation of changes in the AP Hedged Target Index's components.

O'Shares Investments, Inc. is the sponsor of the Fund (the "Sponsor"). The Index Provider, in consultation with the Sponsor, developed the AP Hedged Target Index methodology. The Index Provider is responsible for the ongoing maintenance, calculation and administration of the AP Hedged Target Index.

For more information regarding each Fund's investment strategy, please read the prospectus for the Funds.

As described more fully in the Trust's prospectus and Statement of Additional Information ("SAI"), the Funds issue and redeem Shares at net asset value ("NAV") only in large blocks of 50,000 Shares (each block of Shares called a "Creation Unit"). As a practical matter, only broker-dealers or large institutional investors with creation and redemption agreements (called Authorized Participants) can purchase or redeem these Creation Units. Except when aggregated in Creation Units, the Shares may not be redeemed with the Funds.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for each Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Funds describes the various fees and expenses for the Funds' Shares. For a more complete description of the Funds and the underlying indexes, visit the Funds' website at [www.oshares.com](http://www.oshares.com).

#### **PURCHASES AND REDEMPTIONS IN CREATION UNIT SIZE**

NASDAQ members, BX members and PHLX members and member organizations are hereby informed that procedures for purchases and redemptions of Shares in Creation Unit Size are described in the Trust's prospectus and Statement of Additional Information and that Shares are not individually redeemable but are redeemable only in Creation Unit Size aggregations or multiples thereof.

## PRINCIPAL RISKS

Interested persons are referred to the discussion in the prospectus for the Funds of the principal risks of an investment in the Funds. These include tracking error risk (factors causing a Fund's performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, equity securities risk, foreign securities risk, liquidity risk, currency risk and geopolitical risk.

## EXCHANGE RULES APPLICABLE TO TRADING IN THE SHARES

Trading in the Shares on NASDAQ is on a UTP basis and is subject to NASDAQ equity trading rules. Trading of the Shares on BX is on a UTP basis and is subject to BX equity trading rules. Trading of the Shares on PHLX's PSX system is on a UTP basis and is subject to PHLX rules.

## TRADING HOURS

The values of each index underlying the Shares are disseminated to data vendors every 15 seconds. The Shares will trade on NASDAQ between 7:00 a.m. and 8:00 p.m. ET. The Shares will trade on BX between 8:00 a.m. and 7:00 p.m. ET. The Shares will trade on PSX between 9:00 a.m. and 5:00 p.m. ET. For trading during each market's pre-market and post-market sessions, market participants should note that additional risks may exist with respect to trading the Funds during these sessions, when the underlying index's values, intraday indicative value, or similar value may not be disseminated or calculated.

## DISSEMINATION OF FUND DATA

The Consolidated Tape Association will disseminate real time trade and quote information for the Funds to Tape B.

Fund Name	Listing Market	Trading Symbol	IOPV Symbol	NAV Symbol
O'Shares FTSE Europe Quality Dividend Hedged ETF	NYSE Arca	OEUH	OUEH.IV	OUEH.NV
O'Shares FTSE Asia Pacific Quality Dividend Hedged ETF	NYSE Arca	OAPH	OAPH.IV	OAPH.NV

## SUITABILITY

Trading in the Shares on NASDAQ will be subject to the provisions of NASDAQ Rule 2310. Trading in the Shares on BX will be subject to the provisions of BX Equity Rule 2310. Shares trading on PSX will

be subject to the provisions of PHLX Rule 763. Members and member organizations recommending transactions in the Shares to customers should make a determination that the recommendation is suitable for the customer. In addition, members must possess sufficient information to satisfy the “know your customer” obligation that is embedded in both the NASDAQ Conduct Rules and the BX Conduct Rules.

NASDAQ members, BX members and PHLX members and member organizations should also review NASD Notice to Members 03-71 for guidance on trading these products. The Notice reminds members of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

### TRADING HALTS

NASDAQ will halt trading in the Shares of a Fund in accordance with NASDAQ Rule 4120. BX will halt trading in the Shares of a Fund in accordance with BX Equity Rule 4120. PHLX will halt trading in the Shares of a Fund in accordance with PHLX Rule 3100. The grounds for a halt under these rules include a halt by the primary market because the intraday indicative value of the Fund, the value of its underlying index, or a similar value are not being disseminated as required, or a halt for other regulatory reasons. In addition, NASDAQ, BX and PHLX will also stop trading the Shares of a Fund if the primary market delists the Fund.

### DELIVERY OF A PROSPECTUS

NASDAQ members, BX members and PHLX members and member organizations should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Funds.

Prospectuses may be obtained through the Funds’ website. The prospectus for the Funds does not contain all of the information set forth in the Funds’ registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the Securities and Exchange Commission (“SEC”). For further information about the Funds, please refer to the registration statement.

In the event that the Funds rely upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, NASDAQ Rules 5705 and 5740, BX Equity Rules 4420 and 4421, and PHLX Rule 803 require that members and member organizations, respectively, provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust for the Funds, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, members and member organizations shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by members or member organizations to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: “A circular

describing the terms and characteristics of the Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund.”

Any NASDAQ, BX or PHLX member or member organization carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to NASDAQ members, BX members and PHLX members or member organizations under this rule.

Upon request of a customer, NASDAQ members, BX members and PHLX members or member organizations shall provide a copy of the prospectus.

### **EXEMPTIVE, INTERPRETIVE AND NO-ACTION RELIEF UNDER FEDERAL SECURITIES REGULATIONS**

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the “Act”) regarding trading in the above mentioned exchange-traded Funds.

### **REGULATION M EXEMPTIONS**

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds’ securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

### **CUSTOMER CONFIRMATIONS FOR CREATION OR REDEMPTION OF FUND SHARES (SEC RULE 10B-10)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and

price of shares of the individual securities tendered to a Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **SEC RULE 14E-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of a Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of a Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

#### **Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2**

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions,

including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of a Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of a Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

### **SEC RULE 15C1-5 AND 15C1-6**

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)

**This Information Circular is not a statutory prospectus. NASDAQ members, BX members and PHLX members and member organizations should consult the Funds' prospectus and/or the Funds' website for relevant information.**
