Re: PHLX LISTED JANUARY 2008 LEAPS* - CONVERSION TO REGULAR PHLX OPTION

Effective Monday, June 11, 2007 the PHLX January 2008 LEAPS* that are the traditional February expiration cycle, will be subject to symbol changes whereby the LEAPS* symbols will change to their regular listed equity option symbols. For example, January 2008 Abaxis, Inc. LEAPS*, 'WXZ', will become regular 'QOX' options.

Please note, the existing January 2008 LEAPS* Strike Prices and Open Interest will rollover to regular January 2008 options. Standard Interval Strike Prices, at or near the money, will be added to the rolled over regular January 2008 options where required. These additions will be on the Daily Strike Price Changes memorandum generated on the last business day of this week.

Customers should be advised that due to those symbol changes, all GTC orders should be cancelled and must be re-entered prior to the Open of Business Monday, June 11, 2007.

Any additional Cycle 2008 LEAPS added after this memorandum has been published will be shown on Friday's daily memo as "DELETES" in the 2008 Leap symbol, and "ADDS" in the regular January series effective Monday, 11 June, 2007.

Please note: Where codes are changing, they will be indicated by asterisks ().**

Questions regarding this release may be directed to the Options Services Department at 1-800-THE-PHLX or (215) 496-1266.

Attachment: List of 2008 Leaps* Rolling Over
