October 9, 2007

To: Equity Option Members and Member Firms
Subject: New Specialized Quote Feed Release – V4.3

The Philadelphia Stock Exchange (“PHLX”) is announcing the new release of the Specialized Quote Feed (“SQF”) Version 4.3. The new version of SQF contains several modifications as it relates to the functionality of the application. Additionally, the SQF application specifications have been revised to reflect these changes and are immediately available on the **PHLX.com** website. Provided is a brief overview of the changes and the corresponding references to the sections in the “**Specialized Quote Feed Interface Messaging Manual**” where they can be located.

Description of New Version Enhancements:

- Expanded new Quote message to include Quote_reentry_flag (021).
(Refer to section 5.2, pages 6-8)
- Added warning indicators for re-entry indicator and quote unchanged warnings.
(Refer to section 5.2.5, page 7)
- Additions and changes made to the response_code in the Quote Reply Message Format.
(Refer to section 5.2.7.2, page 10)
- Replaced Risk Monitor (Rapid Fire) (201) with Automatic Purge Notification message (206).
(Refer to section 5.5.2, page 19)
- Expanded the specified symbol to include the expiration day in the New Options Series Query(026)
(Refer to section 5.6, page 23)

Member Firms wanting to convert to the new SQF version 4.3 should make the appropriate modifications to their current application(s) sooner rather than later. To schedule application test dates and times contact Herman Gottfried at 215-496-5678 or email herman.gottfried@phlx.com.
